

AFCCT CHARTER

The AFCCT Safeguarding Charter is a live resource for the Board of Trustees, the staff, the volunteers and the participants throughout all aspects of the Community Trust and its activities.

The eight commitments in the Charter are:

1. Keeping people safe is at the heart of everything we do.
2. Our culture is one which supports a robust approach to safeguarding.
3. Our safeguarding structures and the processes behind them are clear, proportionate, and transparent.
4. Our systems and procedures must fully support safeguarding.
5. We have the right people in the right places working together to achieve effective safeguarding.
6. Good safeguarding requires effective communication.
7. To keep people safe, we must work in partnership with others.
8. Our strategy on safeguarding embraces continuous improvement.
