

PEBBLE PAINTING

1

Draw a design on the pebble.

2

Colour in the design using acrylic paints or pens and leave it to dry.

3

When it's dry carefully cover the pebble in PVA glue to make it weatherproof.

HAVE FUN!

Use your pebbles to brighten up the house or garden.

You could even use them for a treasure hunt.

Or maybe give them away as a gift? It's cool to be bee friendly!
