PERFORMANCE DIRECTOR

CANDIDATE BRIEF

ENGLAND NETBALL
From history making success on the Gold Coast securing Commonwealth Games gold, to hosting the award winning Vitality Netball World Cup 2019 in Liverpool, the last five years will certainly go down as a transformational era for netball in England. An era that not only delivered unprecedented international success but one that ignited the passion of the netball nation with over six million people in the UK following the events in Liverpool, 743,000 adults inspired to watch more live netball and 1.6 million women and girls taking to courts across the country making netball the largest female team sport. The centralised Roses Programme and Pathways underpinning the elite success continue to evolve and the profile of our athletes and sport just keeps growing.

So what does the next chapter bring? With the ongoing development of our exciting 10 year Adventure Strategy we strive to accelerate the growth, visibility, and professionalisation of our sport. We aspire to consistently perform on the world stage, winning when it matters most and securing major championship titles.
