Message from the President John Walsh

As the 101st President of Leinster Rugby it is my honour to welcome you to the Leinster Rugby Official Handbook for Season 2020/21.

We face unprecedented times ahead due to the ongoing COVID-19 Pandemic and we must acknowledge and pay tribute to the outstanding dedication of all our frontline workers for their difficult task in caring for all in our community. We owe them our gratitude and full support. The safety of all involved in our sport is paramount and I would urge all to adhere strictly to government guidelines and protocols in these challenging times.

As we transition from an abbreviated 2019/20 season, we are looking ahead to a different kind of 2020/21 season, which will hopefully give us an opportunity to enjoy what is best in our sport. I would appeal to all players, members, volunteers, supporters and sponsors to assist their clubs in whatever way they can during these uncertain times. There is strength in unity so please continue to develop and support your club and one another. We will

COMMITTEES & ORGANISATIONS

all adapt, improvise, diversify and to learn to overcome these challenges.

It brings to mind what I think of, when I think of Leinster Rugby, a pursuit of excellence that requires passion, ambition and determination “From the Ground Up”. There has been immense work done to develop our game as a more inclusive and community-based organisation. Full credit for this is to those players, coaches, volunteers, committee members and sponsors who have done so much to promote rugby in the 12 counties of Leinster.

A moment of thanks should also be extended to our own sponsors, we have all had to adapt to a new kind of season, and it is with their generous support we look forward to continuing our great partnerships together. Our title sponsor, Bank of Ireland, continue to go above and beyond supporting not just the professional squad, but our women's team, the OLSC, Summer Camps and the domestic game at large. To Bank of Ireland and all our sponsors, I offer our sincere thanks.

Looking ahead to this season, I wish all the best to the Men's Senior squad, who continue to perform at the highest level in competition and reflect the ethos and ambitions of all those involved in Leinster Rugby.

Following the historic Leinster Women's fixture against Harlequins at Twickenham Stadium last season, and retaining the title of Interprovincial Champions, I wish every success to our Leinster Women's squad again this season. And indeed, all the best to the Leinster 'A' Team, and all our representative sides.

Rugby in the province would not operate without the large number

of volunteers filling the roles of officers, co-ordinators, referees, coaches and supporters. Leinster Rugby, under the leadership of CEO Michael Dawson, oversees the day to day administration of both the professional and domestic games. The club, area and section representatives make up the members of the various committees that keep the organization of the game in the province firmly connected to the schools and clubs. To all involved from the staff in Leinster Rugby to the voluntary committee members my sincere thanks to each and every one of you for your commitment and dedication to continuing to work so well in these new and sometimes difficult circumstances.

While we did not have the opportunity to finish out all the various leagues and

competitions that all club, school and youths teams worked so hard toward last season, I have no doubt that this will not dampen the spirits of everyone safely returning to play this season, and I wish you every success and enjoyment.

On behalf of Leinster Rugby I wish all involved a happy, healthy and enjoyable rugby season.

“Keep the Faith”

JOHN WALSH
President Leinster Rugby 2020/21

Message from Bank of Ireland

This is Bank of Ireland's 14th season as title sponsor of Leinster Rugby, and already we can say it is shaping up to be a season unlike any other. Ever since the onset of COVID-19 in March 2020 the world has been turned upside down and sporting organisations, much like other sectors of society have had to find new ways to adapt and thrive.

That is why it has been so encouraging to see the efforts made by all those associated with Leinster Rugby in forging a new path forward and ensuring that the appetite for success on and off the playing fields remained undiminished. The season just past may have been interrupted by the public health emergency, but that did not stop Leo Cullen and his squad from emerging triumphant once the Guinness Pro14 season restarted. My congratulations go to everyone involved in this victory.

With Season 2020/2021 now well underway, and with evidence mounting already that the winning habit has been retained following a strong start to the new campaign, I want to highlight once more on all that makes Leinster Rugby a proud and successful organisation. Reflecting on all that makes Leinster

COMMITTEES & ORGANISATIONS

Rugby a benchmark for success is important, because we must remain mindful that whilst the Senior Men's squad can continue with its training and match schedule, albeit behind closed doors, other elements of Leinster Rugby have not been so fortunate. The successful structures developed across the 12 counties, including the thriving Leinster Women's squad and the ultra-competitive Schools competitions will hopefully soon emerge from this present hiatus with new ambitions in mind and new goals set out to achieve.

But for now the focus must remain firmly on our collective safety, on keeping everyone healthy and well and ensuring that no unnecessary risks are taken. We must stick to the public health guidelines, and do so in the knowledge that if we do the right things in the present then the future will be a whole lot brighter.

Bank of Ireland is a proud sponsor of all four Irish provinces, and underpinning this support is a commitment that we'll do the best we can to make sure all four organisations can thrive. We can see in the actions of Leinster Rugby and elsewhere that this group effort is paying dividends; that by putting our collective shoulders to the wheel success will surely follow. Though it's easy to say, I do believe that our patience will pay off, and in the meantime we must savour the victories when we can - but from a safe distance!

I wish you all the best for the season ahead, and know I speak for every Leinster fan when I say that the day we'll be back in the stands cheering the players on in person can't come soon enough.

**Joann Hosey
Provincial Director
Bank of Ireland, Dublin**

It's a new season and a new way of working

BearingPoint delivers business and technology solutions that support our clients to grow and succeed in today's digital and post-pandemic economy.

Across Europe our teams are working to rapidly design and deploy new solutions to maintain public and private sector services during the current crisis, and to transform customer and employee experiences for 'new normal' services and ways of working:

Collaborating
and managing
in a remote world

Developing new
organisational and
workforce capabilities

Reconfiguring the
workplace and
work environment

Designing and
building the enabling
technology
