

COACH & PLAYER DEVELOPMENT

4 cornerstones - Key coaching areas of the game in open play.

THE VISION

To assist coaches in implementing the key coaching points of the 4 cornerstones of the game and to help improve players understanding of how to perform skills, under pressure and in a game scenario.

EFFECTIVE COACHING PROCESS

The effectiveness of the skills an U14, U15 & U16 player will be able to perform under pressure in a game scenario will vary through the age groups.

How can I Teach and Challenge them to improve these skills as a player. I.D.E.A?

What regressions or progressions can be made?

What coaching styles can be used (Questioning or Telling) (Listening or Talking)?

What does a session plan look like?

How can I review how effective my coaching was?

THE 4 CORNERSTONES

CATCH PASS - BALL CARRY - TACKLE – BREAKDOWN

Pre- contact

Pre receiving ball: **See space, Attack Space;** scan, footwork/rolling onto the ball.

Post receiving ball; scan & evasion

Transfer ball away from defender -create distance between the ball and the defence.

Tuck the Tip, Tighten the Grip sliding outside hand up to the top of the ball and protect the bottom by tucking under the elbow applying pressure with 3 points of contact – hand, bicep, chest

	Presentation option	Offload option

BREAKDOWN

All Pre-Contact Breakdown Approach.

- 1. Anticipation** - identify opportunity and threats, small steps and eyes over sunglasses.
 - 2. Height** -awareness of the time you have to adjust your height to “win the race”.
 - 3. Fight** - awareness of your threats to win the collision to maintain possession.
- Legal entry from behind the ball

1. BLAST (clean out) “If in doubt, blast out”	2. Lock – protecting the ball
Win the shoulder battle -get under the chest of the opponent. Spine in line and eyes over sunglasses Take off like a plane -stay low, chasing feet forward and angle up.	Grip with T-Rex arms -grip shorts/ jersey, elbows bend, eyes over sunglasses. Low and Compact -legs back and drop hips to absorb pressure, eyes over sunglasses

GAMES	DRILLS	DETAILS
3 Sec Breakdown	Catch pass to Wide Breakdown	Groups of 4 + feeder, Lateral passing, last receiver faces a defender and nearest players support the breakdown over the ball
2 Over the ball	Hammer the Breakdown	Ball carrier drives through a defender holding a bag, a support player latches onto the ball carrier driving them through contact and when they hit the ground they are dropping body height to win the head space
Overload Attack	Sausage pad drill	Defender holding a tackle bag standing over a sausage pad, Attacker lowers body height to hit and drive the bag the length of the sausage bag pumping their legs right through
Games conditioned for breakdown on every carry	Attitude drill	4 Sausage pads with 4 bag holders above them, work for 30 secs to 1 min bringing the same attitude to the first right through to the last
	Race for space	Attacker v Defender on their bellies must enter the BD through the gate to compete for a ball under a tackle bag
	Breakdown both sides of the ball	In a 6m x 6m grid 2 defenders hold a bag at 2 corners and 2 support players take up the 2 opposite corners. A ball carrier and a defender start in the middle of the grid creating a tackle situation which will turn into a ruck scenario
	Tackle to Jackal	Defender passes to an attacker 2m in front, the attacker takes them on. On tackle completion the tackler gets to their feet asap to compete for possession with an attacking support player adding pressure with a bag
