

**Regulation No. RC 2122 of the Munster Branch IRFU
laying down specific rules for the running of Rugby Competitions in
Munster for the 2021-22 season**

Approved by The Rugby Committee – 13th September 2021

Amendment No.

Topic

Passed by RC

FOREWORD:

In Munster, there are approx. 120 registered Clubs & Schools, playing a wide variety of competitions across all ages and grades. In addition, there are numerous friendly fixtures played at every level throughout the season.

This Regulation lays down the provisions in relation to all rugby fixtures (competitive & friendly) in Munster for the 2021-22 season.

The format of the document is different from previous versions (which are no longer valid) in that it follows the sequence of events involved with the organisation and playing of the game i.e., the Committee, the fixtures, the players, pre-match requirements, the match itself, what happens afterwards, disciplinary matters etc.

Also, information that was previously in other places (e.g., the Red Book) is now consolidated into this document.

The Annexes are divided into three.

Annex A – Administration - matters that are primarily static information pertaining to all fixtures

Annex B – Forms to be used e.g. Player Registration / Postponement forms which must be used in all situations

Annex C - Competitions - showing the essential information regarding individual competitions

The Regulation will be reviewed and, if necessary, amended at the end of the season.

Points to Note

- **EVERY TEAM IN EVERY GAME MUST PRODUCE AN E-TEAMSHEET**

If you don't know how to generate an e-teamsheet, ask someone in your club or contact the Munster Branch office who will be only too willing to help.

- 99% of people involved in Munster Rugby, at all levels, are Volunteers. They are giving of their time freely. They won't get it right all the time but please treat them with Respect.

Volunteers are not paid - not because they are worthless, but because they are priceless

Finally, this Regulation is a "living document" insofar as any person, club or school may make suggestions and/or propose amendments, at any time, to the Rugby Committee, to improve the administration and playing of the game.

If and when amended, clubs and schools will be notified, and an updated version will appear on the Munster website as soon as possible thereafter (Munster Rugby / Domestic / Fixtures & Results / Regulations)

Annex A.3 r0

SUMMARY OF DUTIES AND RESPONSIBILITIES OF A RUGBY CLUB / SCHOOL

It is a fundamental responsibility of clubs and schools to ensure that all members and stakeholders have an enjoyable experience where they can play and socialise in a safe environment.

To that end, coaches and especially Age Grade coaches, have an onus on them to ensure that players reach their potential, whatever that level will be (only 3% of players will become 'elite' players!)

1. IRFU Long Term Player Development

- extract from LTPD Brochure available at http://www.irishrugby.ie/downloads/LTPD_Brochure_FINAL.pdf

Stage 1 - Fundamental

Players in this category are age-grade players (5 - 12 approx.)

THE PLAYER - PLAYS

The capacities of young players dictate that most learning activities are best promoted through the medium of play. This theme does not just apply to modified games but also to reduced exercises and drill activities. Specific techniques and corrections can be integrated throughout the activity while still maintaining maximum participation and enjoyment. This will also ensure that players receive a positive and motivating experience.

THE COACH - GUIDES

To facilitate the needs and capacities of younger players the coach should act as a Guide, providing the environment for players to explore in a safe and exciting way. Corrections and guidance should be subtle and simple, dealing with issues in a broad rather than detailed perspective.

THE GAME - FUN

The end product should be a fun and safe experience. The emphasis is placed on open play (general movement) with all players running, passing and tackling. Younger players will continue to participate in activities that are **enjoyable and rewarding**. As players mature and develop greater capacities, their needs and the demands of the game will also change.

Stage 2 - LEARN TO PLAY & PRACTICE

THE PLAYER - EXPLORES

Players in this category are age-grade players (12-14 approx.).

At this stage the players' capacities allow them to learn through exploring. Trying out new approaches, pursuing solutions and new experiences in a controlled environment will facilitate the development of the player. Individuals are capable of problem-solving and should be encouraged to express their opinions.

THE COACH - TEACHES

Due to maturation, the players are now capable of longer periods of concentration and attention; therefore, teaching rather than guiding is more appropriate for accelerating learning. Knowledge of how to facilitate learning through understanding is critical together with skill development and progressions.

THE GAME - STRUCTURED

With the capacity for greater understanding and technical competence the game develops from open play to a more structured format to include the development of basic unit play (restarts - forwards & three-quarters). **The game is still fun, safe and enjoyable with ample running, passing and tackling.**

Stage 3 - TRAIN TO TRAIN

THE PLAYER - FOCUSES

Players in this category are two-fold; age-grade players (15-17 approx.) & adult 'junior' players. Age-grade players have the capacity to focus and therefore can increase their competencies radically with the correct attention &

application. Greater self-awareness and responsibility are characteristics of players at this stage, which if nurtured will form the foundations for future realization and success. Players are highly competitive and foster a greater awareness of team spirit and common goals and values. Adult players (junior) have similar technical and tactical competencies due to limited development, but have greater physical, mental and lifestyle capacities due to greater maturation and experience/achievement.

THE COACH - CHALLENGES

Given the greater capacities of players, the requirement for the coach is to go beyond teaching and challenge players to become more proficient and achieve higher standards of performance. Therefore, the coach extracts a higher level of performance through appropriate challenges and application of pressure.

THE GAME - PERFORMANCE

Even though players are now highly competitive and play in league & cup competitions the essence at this stage is precise performance of the individual, units and team in the pursuit of achieving goals. The game is clearly structured and cohesive, with a greater emphasis on the role of the units. However, to maximise development, **the focus should be on performance in the pursuit of desired outcomes and results.**

Stage 4 - TRAIN TO COMPETE

THE PLAYER - SPECIALISES

Players in this category are two-fold; players (18-21 approx.) & 'junior 1 & above' players. Players have now committed themselves to rugby as their chief sport and are willing to invest a significant amount of time and energy to become successful. They are driven and are fiercely competitive with a greater capacity for all game related competencies. Players pay more attention to developing themselves as positional specialists in order to undertake their functional roles. With their increase in knowledge and maturity, players are capable of strong opinions and of taking greater responsibility while also contributing more towards problem solving.

THE COACH - FACILITATES

Since the characteristics of players are such that they have the capacity for greater input, the role of the coach shifts towards facilitation. Allowing opportunity for opinions and problem-solving is critical if players are to develop confidence and relative autonomy. The coach will still need to employ teaching, challenging and guiding skills where appropriate, the emphasis should be on developing players' ability to 'navigate' rather than 'replicate'.

THE GAME - OUTCOME

The game is fiercely competitive with positional specialists clearly influencing events, mini units & units well synchronised and team play concentrated on reducing error and maximising success. **The focus is on achieving desired outcomes in respect to attack & defence goals** (team, unit, mini-unit). For example, winning the lineout is more important now than thinking about the performance; however, the essences of the previous stages (performance, structured, fun) are all brought to bear in the pursuit of achieving the 'outcomes.

2. Match Day Requirements

The following are in addition to the requirements laid down in any other notice from Munster Rugby

Should a club have a problem then they have the right to submit a written objection within the established timeframe, with the associated costs and as stipulated in the Munster Branch Rules, Regulations & Bye Laws.

The basic premise is if a player is not on the team sheet they cannot play.

No Match Commissioner can preside at a game in which their own club is participating.

Other than in the matters listed below a commissioner must not question players, coaches or others in any other regard. Any observations, questions, etc. should be made to the Secretary of the Munster Youth Committee in WRITING. Any and all correspondence sent anywhere else in Munster Rugby will be redirected, without comment, to the Youth Sec.

2. Introduce yourself to the manager/coach of the respective teams. Your ID card may be required.
3. Ask Both Managers/Coaches for their team sheets.
4. Make sure that the team sheet is complete, i.e. players name and associated IRFU Registration Number – Props and Hookers identified. Also check that the Manager/Coach has signed same & initialled any handwritten changes.
5. Complete as many checks as you deem fit- normally checking between 4 and 6 players selected at random per squad is sufficient.
6. Once the above is completed move to check dates of birth. Players may answer incorrectly (they may feel under pressure) so it is ok to repeat the question.
7. Check that the player is the person in the team-sheet photo opposite his / her name
8. Thank the player and wish them well for the game
9. If you feel that there is a need to complete a fuller check then you may opt to do so. In such circumstances you should be seen to treat each side equally.
10. If you find there is a problem on the team sheet advise the manager/coach and have him explain and correct the sheet where appropriate. If you feel that there continues to be a problem following his explanation, then advise him that the player(s) is illegal and may not play.

Annex A.7 r0**Substitutions**

For guidance, the following table indicates the numbers of suitably trained and experienced players for the front row when nominating different numbers of players:

Number of Players	Number of suitably trained & experienced players
15 or less	3 players who can play in the front row
16, 17 or 18	4 players who can play in the front row
19, 20, 21 or 22	5 players who can play in the front row

Rolling Substitutes procedures

1. A maximum of 12 substitutions (Changes) per team per match will be allowed.
2. Changes under this Law shall include blood replacements and injuries; indeed, any time one player replaces another player from the same team other than front-row replacements required after a yellow card
3. When a player has a blood injury and is replaced by another player and then returns to the field of play within the permitted time that will count as 2 changes.
4. When a player is sent from the field of play under a red card that is NOT a change.
5. When a player is temporarily suspended under a yellow card and leaves the field of play that is NOT a change.
6. When a scrum is ordered during the temporary suspension of a front-row player (Player A), and as a result a player (Player B) is required to leave the field to allow another front-row player (Player C) to come on that does NOT count as a change.

If, at the end of the period of temporary suspension, Player A resumes and Player C leaves the field, that does NOT count as a change.

Player B returning to the field of play is also NOT a change. If, however, the team opts to leave Player C on at the end of the temporary suspension period instead of Player A returning that IS a change.
7. After all 12 changes have been made, no other changes will be allowed for whatever reason including injuries. If, after the 12 changes have been made there is any reason for a player to leave the field of play, the team must play with one less player. Uncontested scrums will apply if this involves a front-row player.
8. It shall be for the IRFU to determine who shall be responsible for administering and counting the changes and how. An optional Procedural Guideline follows.

Procedural Guideline for the Administration and Control of Rolling Substitutions at Matches:

- (A) Each team will have a set (12) of cards (each set will be a different colour)
- (B) Each team shall appoint its responsible person (e.g. Coach) who shall be required to hand the appropriate change card in the correct sequence to the referee, touch judge, or 4th official. This must happen before each change takes place and a player enters the field of play. There is no requirement to record or write anything on the card.
- (C) The referee, touch judge, or 4th official shall receive and retain the cards during the match and shall monitor each team's use of its changes. The Match Official is not required to record any information but shall retain the submitted cards until after the end of the match.
- (D) At matches for which the referee is required to submit an official return or result card/form, the referee shall record the final number of changes used by each team.
- (E) At matches where there is no match doctor available, the referee remains responsible for establishing if a player is leaving the field of play due to being so injured that it would be unwise for him to continue playing.
- (F) The teams will be aware of the number of permitted changes still remaining from the number of cards they still hold.

2. In all cases a copy shall be sent to (i) the CSC (ii) the RSC and (iii) the opposing club

(a) If both clubs agree to a postponement, the Postponement Form must be signed by both clubs and submitted by fax, post or email, to the CSC and RSC, at least 14 days before the game in question

If the CSC, in consultation with the RSC can find a suitable alternative date, the new date will be advised to the clubs **otherwise the game goes ahead as scheduled.**

(b) If both clubs do not agree to the postponement, the CSC and RSC shall make a Decision.

4. Postponement in Emergencies

The MAR and opposition must be notified immediately. The Postponement Form shall be submitted. The RSC will make a Decision and notify the clubs involved and the CSC.

5. Postponements due to Ground Conditions

(a) The Rugby Committee will endeavour to have a list of nominated persons to act on the Ground Fitness Panel and to be available for consultation when the fitness of a ground is to be considered

(b) A club which has doubt about the fitness of its ground shall contact the CSC and/or the RSC. Where there is doubt about the fitness of the ground and there is reasonable prospect that with improved weather conditions the ground could be playable by kick-off time, a decision whether or not the pitch will be playable shall be postponed until closer to kick off time. Matches may not be postponed on grounds that the safety of players might be prejudiced unless with the additional approval of the match referee

(c) The determination of the fitness of the ground shall be the responsibility of the Home club.

If a similar situation arises on the 2nd occasion the Home club shall provide a suitable alternative ground within 25 kilometres of their home ground or travel to the oppositions chosen venue.

(ii) Where travel to the oppositions chosen venue occurs, the opposition then becomes the ‘Home’ team and point (i) applies.

(e) In the event of a game having to be postponed due to weather conditions or otherwise, it shall be the home club's responsibility to inform the relevant Fixture Secretary of the MAR, the Hon Sec of the RSC and their opponents

The Postponement Form shall be sent to the RSC within 24 hours of the game being called off

Sanction: In the event of a club failing to fulfil the above procedure it may result in the home club being liable for all or part of the expenses of their opponents and match officials. Article 16 will also apply.

(f) Regardless of the above, where doubt exists as to the fitness of a ground, the home club shall make early contact with the visiting club as to its travel arrangements etc. in order that contact can be made prior to a club commencing its journey.

Sanction: Failure in notifying in reasonable time may result in loss of home advantage. Article 16 will also apply.

Thereafter, if the game fails to take place due to any reason, the competition organising committee may arrange to play the game if there is an available date. However, in the event there are no available dates, the game will be deemed to be null and void and no points shall be awarded if it is a league game. *Please read all notes carefully	<i>*The following rules of Girls Mini Rugby are guidelines to the type of rugby which may be played at each age group. However, in order to promote the growth of the game, the age groups in each Stage may change. Annex C.6.0 r0

Munster Age Grade Competitions

The following are in addition to the provisions of Articles 1 to 19.

Relevant Sub-Committees (RSC) :Munster Age-Grade Committee

Under the direction of the Age Grade Committee, the Munster Schools Sub-Committee (MSSC) and the Munster Youth Sub-Committee (MYSC) are responsible for fixtures under their respective remit. Each sub-Committee may appoint a Fixtures Secretary (FS) to co-ordinate fixtures

Chapter I General Provisions for male Age Grade Fixtures

Principles of Player Eligibility in Age Grade Season 2021/2022.

1. The following principles are predicated in compliance with the following conditions in the season 2021/22, failing which these principles will be consistently reviewed.
2. Schools and Clubs must complete E-Team Sheets for all games, including friendlies.
3. Players not on eTeamsheets are deemed illegal and pertinent sanctions will apply including automatic loss of the match.
4. Players may play Schools and/or Youth's rugby, subject to the Rules and Regulations of the Munster Branch of the I.R.F.U. (**SEE 9 BELOW**). Players in non-exempt schools may be assigned to Competition Squads for the Schools Junior and Senior Cups. These Players may only be released from a competition squad under special circumstances. To release a player from a competition Squad under special circumstances, the parent(s) through their club Secretary must apply to the Munster Age Grade Committee. If a player released from a **Competition Squad** wishes to re-join a competition squad in the current and/or subsequent seasons, the parent(s) must apply through their schools' games master, to the Munster Age Grade Committee.
5. Teamsheets are subject to inspection and verification by the RSC and/or FSC. It is IRFU policy that a player can only have one registration number, which remains with him.
6. It is an I.R.F.U. guideline that a school rugby programme consists of 16 – 25 games per season. It is I.R.F.U. policy that if the school cannot provide meaningful rugby for a player i.e. selected to start half of the scheduled matches for the season, these players should be released to the clubs' system.
7. The number of games played by Youths and Schools' players will be actively monitored by the Age Grade Committee and a current report will issue to the Chair of the Rugby Committee monthly during the season by the Chair of the Age Grade Committee
8. Fixtures are drawn up by the relevant Schools' and Youths' Fixture Secretaries.
9. Subject to paragraph 4, a non-exempt school will have first call on any individual player.
10. (a) **Competition Squads** for Non-exempt Schools
 - (i) will be drawn up and submitted to the Branch Registrar no later than the second Friday in September at Junior and Senior Cup Levels (Preliminary **Competition Squads**). Players not listed on the Preliminary **Competition Squads** in September are ineligible to play in the Schools Cup competitions but are eligible to play with their clubs.
 - (ii) Preliminary **Competition Squads** may only be amended in December and only to allow u15 players onto the Junior Cup panel and U17 players onto the Senior Cup panel – subject to the maximum numbers below.
 - (iii) These amended **Competition Squads** (the Final **Competition Squads**) must be sent to the Branch Registrar, no later than the second Monday in December.
 - (iv) No changes to Final **Competition Squads** are allowed thereafter, unless in special circumstances as per Article 4.13.
 - (v) Only those Players on the Final **Competition Squads** are eligible to play in the Senior and Junior Cup competitions.
 - (vi) Players on **Competition Squad** cannot play club rugby, other than Open Cups.
 - (vii) U15 players added to the JCT **Competition Squad** in December can only with the approval of their school be released on a match-by-match basis to play with their club at local u15 level only. (Not BOI U16)
- (b) **Schools Competition Squads Numbers:**
 - (i) Junior Cup – **Competition Squad** of 34 (maximum) **WHERE NO'S 25-34 HAVE DUAL STATUS** except CBC & PBC where **38** applies.
 - (ii) Senior Cup – **Competition Squad** of 34(maximum) **WHERE NO'S 25-34 HAVE DUAL STATUS** except CBC & PBC where **38** applies.

Age grade will actively monitor player activity and will lay down regulations to govern for player welfare.

Evidence must be produced to prove this principle is being followed.

Players must be on **Competition Squads** to be eligible to play in Senior/Junior Cups. This will be monitored by the Age Grade and Fixtures Committees. If a non-panelled player plays at any stage of either Cup, that is automatic loss of the match. Similarly, if a panelled player plays club rugby (other than an Open Cup), that is automatic loss of match.

As an overall principle, clubs must not use players who are regulars on their school matchday squad as this could deny a regular player on the club side.

Fringe players on both Schools' Cup panels, if not getting meaningful rugby during the Season, must be made available to clubs.

11. Players who are not panelled and are not getting meaningful rugby in a non-exempt school will be released to play with their club. There will be a regular check of eSports which will be the official record of number of games School/Youths are playing.
12. If a non-panelled player plays in the Senior Cup or Junior Cup competition, they are illegal and pertinent sanctions will apply including automatic loss of the match.
13. In special circumstances, a School player not on a panel and playing club rugby may be used by the School, on application to the Rugby Committee, under the "Dual Status" principle.

Governance

The Age Grade Committee will be responsible for and oversee the implementation of these principles. All games and results are to be recorded on the eSports system. The Fixture plan for both Schools and Youths will be issued and on eSports at the start of the season. Players not on panels will be released to their clubs. The Fixtures Sub Committee will support the Age Grade Committee by issuing match and player details from the eSports records and support monthly reporting and monitoring process.

Notes:

Sanctions, as already exist for non-compliance, will be implemented by the Age Grade Committee.

The Schools Sub-Committee may re align their fixture list to accommodate games after Christmas for McCarthy Cup and Bowen Shield players.

Bowen Shield will be an U18 competition.

Schools Sub-Committee is requested to annually review their Senior competition model to give the players more competitive games and to also review the possibility of completing the Schools' Junior Cup by the end of February. The expectation is that the Schools' Junior Cup will be completed by the end of February in the seasons thereafter.

All players will be released to their own Clubs for any Open Cup competitions, subject to local competition rules.

Player registration will follow proper procedures – on first registration a player must produce either a birth certificate or passport and only that name will be used. No shortened versions, initials, nick names, abbreviations are allowed – only use of birth certificate or passport is permitted. Schools or Clubs must not re register a player and where it seems likely that the player is already registered, the club / school must contact the Branch Registrar.

14. Implementation of the document is a matter for the Committee running the competitions, overseen by the Age Grade Committee and always subject to the Rules and Regulations of the Munster Branch I.R.F.U.

Kicking Competition

If at the end of a knockout match, after 6.1, 6.2, 6.3 and 6.4 the teams remain tied, then the referee will conduct a place-kick competition to determine the winner of the match.

The following procedures apply:

All players and the match officials will remain on the field of play. The referee will call the captains of the two teams to the centre of the playing enclosure and will conduct a coin toss. The winner of the coin toss will choose which team kicks first. Only players on the playing enclosure at the time of the completion of the sudden death period may take part in the kicking competition. For the avoidance of doubt, no substituted (including for injury and/or blood), ordered off or temporarily suspended player not on the field at the completion of the sudden death period may take part in the kicking competition at any time. The five players selected and the order in which they kick do not have to be specified at the start of the kicking competition.

The match officials and team members will assemble on the halfway line. Team members must remain behind the halfway line in the side of the playing area not being used for the kicking competition. No one except the referee, two assistant referees and two ball boys are allowed in the part of the playing area being used for the competition. The five players from each team will place kick from three different areas, all on the 22-metre line, as follows:

First area: directly in front of the posts

Second area: on the 15-metre line on the left-hand side of the posts (determined as facing the posts)

Third area: on the 15-metre line on the right-hand side of the posts (determined as facing the posts)

The referee will start the competition by calling the first player selected from the team kicking first to the first kicking point. Once the player has taken the kick, the referee calls a player from the opposing team to kick from the same area. The next two players (one from each team) will kick from the second area in turn. This will continue until all five players from each team have kicked (the next players kicking respectively from the third area, first area and finally the second area), or until one team is unable to equal the score of the other team within the remaining number of kicks.

If there is an equal number of successful kicks once each team has completed its five kicks, the competition continues on a "sudden death" basis, following the same order of kickers used in the first five kicks. The competition will continue two kicks at a time (one from each team), going progressively through the three kicking areas stated above (and repeating the process if necessary) until one player succeeds with a kick and the player from the other side taking the same kick misses it. Once this occurs, the team of the player who succeeded with the kick will be declared the winner.

Throughout the kicking competition: Players must be nominated immediately on request by the referee. Once a player has been handed the ball on the kicking area, he must take the kick within one minute. Should he take longer, the referee shall declare the kick void. After each kick, the referee will record the number of the player and whether or not the attempt was successful, the match commissioner will record the same details on the official match report. Whether or not the kick is successful is the sole decision of the referee, who may at his sole discretion rely on the assistance of his assistant referees. The referee's decision shall be final and binding. Once a player has completed his kick, he shall return to stand with his team behind the halfway line in the side of the playing area not being used for the kicking competition.

In the event of a tie at the end of the group stage of the league, group winners will be decided by the following criteria:

Kicking Competition

If at the end of a knockout match, after 6.1, 6.2, 6.3 and 6.4 the teams remain tied, then the referee will conduct a place-kick competition to determine the winner of the match.

The following procedures apply: All players and the match officials will remain on the field of play. The referee will call the captains of the two teams to the centre of the playing enclosure and will conduct a coin toss. The winner of the coin toss will choose which team kicks first. Only players on the playing enclosure at the time of the completion of the sudden death period may take part in the kicking competition. For the avoidance of doubt, no substituted (including for injury and/or blood), ordered off or temporarily suspended player not on the field at the completion of the sudden death period may take part in the kicking competition at any time. The five players selected and the order in which they kick do not have to be specified at the start of the kicking competition. The match officials and team members will assemble on the halfway line. Team members must remain behind the halfway line in the side of the playing area not being used for the kicking competition. No one except the referee, two assistant referees and two ball boys are allowed in the part of the playing area being used for the competition. The five players from each team will place kick from three different areas, all on the 22-metre line, as follows:

First area: directly in front of the posts

Second area: on the 15-metre line on the left-hand side of the posts (determined as facing the posts)

Third area: on the 15-metre line on the right-hand side of the posts (determined as facing the posts)

The referee will start the competition by calling the first player selected from the team kicking first to the first kicking point. Once the player has taken the kick, the referee calls a player from the opposing team to kick from the same area. The next two players (one from each team) will kick from the second area in turn. This will continue until all five players from each team have kicked (the next players kicking respectively from the third area, first area and finally the second area), or until one team is unable to equal the score of the other team within the remaining number of kicks.

If there is an equal number of successful kicks once each team has completed its five kicks, the competition continues on a "sudden death" basis, following the same order of kickers used in the first five kicks.

The competition will continue two kicks at a time (one from each team), going progressively through the three kicking areas stated above (and repeating the process if necessary) until one player succeeds with a kick and the player from the other side taking the same kick misses it. Once this occurs, the team of the player who succeeded with the kick will be declared the winner.

Throughout the kicking competition:

Players must be nominated immediately on request by the referee. Once a player has been handed the ball on the kicking area, he must take the kick within one minute. Should he take longer, the referee shall declare the kick void. After each kick, the referee will record the number of the player and whether or not the attempt was successful, the match commissioner will record the same details on the official match report. Whether or not the kick is successful is the sole decision of the referee, who may at his sole discretion rely on the assistance of his assistant referees. The referee's decision shall be final and binding. Once a player has completed his kick, he shall return to stand with his team behind the halfway line in the side of the playing area not being used for the kicking competition.

20. Team Sheet Procedures

20.1. Team coach / manager is required to give the referee two signed copies of the Team Sheet at least 20 minutes before the appointed kick off time.

20.6. A photo/scan of home and away team sheet (signed by referee) must be returned to the Student Sport Ireland office with 24 hours of the end of the game by the home fixtures secretary by email to noel@studentsport.ie . A hard copy of home and away team sheet must be posted to the SSI Office also within 5 working days by the home fixtures secretary. 20.7.
