

MUNSTER RUGBY

HOSPITALITY 2025/26

THOMOND PARK STADIUM

Thomond Park is one of the world's iconic venues. Located in Limerick, it currently stands as the largest rugby club ground in Ireland. Since the first game was played back in 1934 it has seen many great days for the province from the famous win over the All Blacks in 1978 and the miracle match against Gloucester in 2003.

When the stadium was first opened the capacity was 13,000 and following a large-scale development in 2008 the capacity now stands at 26,000. The stadium holds a special place in rugby due to its own unique history and atmosphere. The stadium is famed for its noise during play and the complete silence while home and away players are kicking for goal. Thomond Park is well known for its incredible atmosphere on match day notably the sense of tradition, fans can be heard sing the famous Munster anthems 'Stand Up & Fight' and the 'The Fields of Anhenry.

Hospitality packages are now available for Munster's home fixtures in Thomond Park, Virgin Media Park and SuperValu Páirc Uí Chaoimh for the 2025/26 season.
