ROAD CLOSURES A rolling road closure will be enforced on each of the stages. This means roads on and around the race route will be closed to traffic for a short period in which it takes the race to pass by – usually about 10 to 15 minutes around the estimated time of arrival and indicated by police escort vehicles.

NO PARKING The route is marked with yellow advanced warning signs in the run up to the Tour of Britain. Please don't park on the route on the day: if necessary, vehicles may have to be removed.

LISTEN There will be an advance vehicle 15 minutes ahead of the race, keeping you up-to-date with what is happening in the Tour of Britain as well as live coverage on ITV4.

CAUTION Please keep children back from the edge of the road and animals on a lead, away from the roadside. Riders pass by very fast, and while we encourage support, please keep flags, objects and photography equipment out of the road. Remember, taking selfies is fun, but turning your back on the race is never a good idea. Please face the oncoming riders and race convoy at all times.

POLICE The Tour of Britain is escorted along the route by trained police officers and escort motorcyclists. If you are asked to stop by an officer, please listen carefully and obey their instructions.

SUPPORT Don't forget, this is a major international race and Britain's largest free sporting event. So show your support for the British heroes and the international stars who will be taking part and leave them with positive memories of the support at the Tour of Britain.

RESPECT THE RIDERS

We encourage everyone to get behind the riders, but please remember this is their race. Please don't block their route, run alongside them or impede their progress.
