The Occupier

Dear Resident,

As you may be aware, stage 5 of the Tour of Britain cycle race takes place in Suffolk on Thursday 7<sup>th</sup> September. The stage will start and finish in Felixstowe and travel 192km through Suffolk, visiting many of the county's towns and villages. Full route details and timings can be found on the [Tour of Britain | Stage Five](#) website page.

To ensure a safe route for the race, riders, and residents it will be necessary to suspend on street parking on the following roads within Felixstowe:

- Garrison Lane
- Langer Road

Please see plan printed overleaf highlighting area affected.

These restrictions will apply between 09:30 and 16:30 on Thursday 7<sup>th</sup> September, although we will endeavour to remove the cones and lift the restriction as soon as the race has come through, to minimise any inconvenience.

From week commencing the 21<sup>st</sup> August, parking suspension signs will be positioned in areas where the on street parking restrictions will apply and the no waiting cones will be put in position on Wednesday the 6<sup>th</sup> September. Please ensure that yours and any visitor's vehicles are removed from these areas before these restrictions apply.

Vehicles left within the areas of the restriction may be removed to an alternative location away from the route.

We apologise in advance for any inconvenience caused.

Yours sincerely

Suffolk Highways
