

7 November 2018

Lausanne, Switzerland

Dear National Federations,

The International Rowing Federation, FISA, as part of its goals, provides development opportunities on an annual basis to national federations to be able to attend training camps and regattas.

This is possible due to the support of Olympic Solidarity, the IOC Sports Department and the different national federations and organising committees for FISA Events.

With the growth of new areas of the sport, such as Paralympic rowing and Coastal rowing, as well as the addition of new continental events, more nations are being supported by the FISA Development Programme. For 2019 we have revised and reformatted the presentation of the FISA Development Programme Event Bulletin and also included more criteria to help teams best prepare for the 2019 season.

We ask that you read through the entire document and contact the respective persons as listed in the document with any potential questions.

We look forward to working with you in 2019 and thank you for your ongoing collaboration.

Best regards,

2019 FISA DEVELOPMENT PROGRAMME EVENT BULLETIN

PREFACE AND REQUIREMENTS

FISA DEVELOPMENT PROGRAMME

The FISA Development Programme in cooperation with the World Rowing and other organising committees and the FISA Development Partners, are able to provide the following:

- Low Cost Accommodation for World Cup and free accommodation for a limited number of athletes and coaches for the World Championships and some Continental Championships Regattas.
- Limited boats available on request from Filippi, Hudson and Swift. For more than three boats per nations, teams will be asked to make a financial contribution.

Athletes without coaches will be designated a FISA Coach at events.

Teams will be eligible based on the following requirements:

Designated as a nation eligible for development support.

Teams must submit results for the Test Performance Programme as outlined on page 4.

Teams must submit national selection and/or national championships results by no later than March or April. This should determine the team that will be submitted for development support by April or May. Pre-requests will need to be sent by 28 February 2019. Please submit to the FISA Staff and Continental Technical Consultant listed in the below table.

Own budgets for travel, insurance, clothing kit and pocket money or additional team members should be planned out in January and February.

Visa requests that have been submitted 4 to 8 weeks in advance.

Your national federation has no outstanding debts to FISA.

Your team has participated in the past 6-12 months in a national, regional or continental event and can present results. We recommend you submit an overall training plan, competition calendar and budgets for the 2019 season (and beyond). Continental calendars (Annexure I) are provided in this document for reference.

Your team should be training regularly and within the minimum recommended levels for the FISA Training Programme:
