3. UNOFFICIAL TRAINING DAYS - 28 JULY TO 1 AUGUST

The course will be open for teams to train from **28 July onwards**, however the days of 28 July to 1 August are unofficial training days, and no services will be offered by the organising committee during this period. This applies to water safety and rescue, venue catering and transport between the hotel and the venue. Those teams wishing to arrange transport between the hotel and venue for their teams on these days can contact:

E-mail: test-events@alatur.com
Leo Delamanha: +55 11 3217 9041
Danilo Falconi: +55 11 3217 4329

All official regatta services will begin on Sunday 2 August.

4. RADIO FREQUENCY REGISTRATION

Teams bringing radios into Brazil for use at the Championships should register these with the local authority, Anatel. This registration must be made via Rio 2016. As a Test Event for the 2016 Olympic Games, Rio 2016 has an agreement with Anatel to provide this registration and authorisation free of charge to participants.

To register your radio frequencies in advance, please complete the form using this [link](#) and send it to spectrum@rio2016.com

For more information about this process, please see the Spectrum Newsletter 03/2015 - Temporary Usage of Radio Frequency Spectrum during Test Events, available [here](#). Additional information can be found at:

<http://www.rio2016.com/jogo-aberto/documentos> (Portuguese)

<http://www.rio2016.com/en/transparency/documents> (English)

It will be possible to register your radio frequencies at the venue, however we recommend that you register in advance to be sure that your radio frequencies will be available.

5. CONTAINER DELIVERY

Transport of boats to the venue is the responsibility of the teams, however the organising committee will provide cranes at the venue to offload the containers. Containers may be delivered to the venue from **27 - 29 July**, and may be collected from **10 - 12 August**. Please arrange to have your containers delivered during this period.

If you are bringing your own container rather than using the services of one of the boat builders, please send an email to info.2015wrjc@rio2016.com with the details of your shipment (number of containers, expected date of delivery).

We will be publishing a Delivery Guide in early June with more information regarding deliveries to the venue. Please check your email and the event website (www.2015wrjc.com) for this document.

6. TEAM TENTS

A limited number of spaces are available for team tents. Please inform us if you would like to use one of these spaces. Note that the organising committee will provide the space only and not the tents, so please bring your own.

7. PARKING

A limited number of parking spaces are available close to the venue. Please inform us if you would like to use one of these spaces.
