

WORLD AND EUROPEAN EVENT BIDDING

Bidding for 2021-2024 World Rowing Indoor Championships, European Rowing Indoor Championships, and World Rowing Coastal events

FISA is launching the bid process for World Rowing Indoor and Coastal events from 2021-2024. Bidders will have the opportunity to bid on multiple World Rowing coastal and indoor events over the 2021-2024 period, and enable them to develop a long-term strategy as an event host. The deadline for initial expressions of interest (form below) in the hosting conditions for coastal and/or indoor events is **5 September 2019**, but we encourage any interested bidders to contact us before this date to discuss their strategic event hosting objectives and intentions.

The following events are open for bids:

World Rowing Indoor Championships: 2021-2024

European Rowing Indoor Championships: 2021-2024

World Rowing Coastal Championships: 2021-2023*

World Rowing Beach Sprint Finals: 2021-2023*

Combined World Rowing Coastal Championships & Beach Sprint Finals**: 2021-2023*

Member federations should anticipate a preliminary bid deadline in October 2019 and a final bid deadline in January 2020. These events will be attributed at the FISA Council meeting in February 2020.

** 2024 event is dependent on the IOC Executive Board Final decision on Olympic disciplines and events. This decision is anticipated for December 2020, and thus bidding for this event will not occur in this round of SEAP.*

*** In a year where a combined World Rowing Coastal Championships & Beach Sprint Finals is attributed, this would be in the place of two separate event attributions for the World Rowing Coastal Championships and World Rowing Beach Sprint Finals. In a year where the World Rowing Coastal Championships and World Rowing Beach Sprint Finals are attributed separately, this would be in place of a combined event.*

World Rowing Strategic Event Attribution Process: 2021-2024

A large number of regatta venues have benefited from significant investment from local, regional and national governments to bring them to a standard suitable for hosting international competitions. To support a long-term return on investment in these facilities as well as long term support for our sport, the World Rowing Federation, FISA, has adopted a new approach to the manner in which its events are attributed. This approach will allow interested parties to indicate all of the FISA-owned events that they believe would support their long-term events strategy.

The bidding process is currently underway for the following events:

World Rowing Championships: 2023, 2025
World Rowing Under 23 Championships: 2022, 2023
World Rowing Junior Championships: 2021, 2022, 2023
World Rowing Senior, Under 23 & Junior Championships: 2024
World Rowing Cup 1, 2, 3: 2021, 2022, 2023, 2024
World Rowing Masters Regatta: 2021, 2022, 2023, 2024
European Rowing Championships: 2021, 2023, 2024
European Rowing Under 23 Championships: 2021, 2022, 2023, 2024
European Rowing Junior Championships: 2021, 2022, 2023, 2024

Final bids for the above events were due on 30 June 2019. The FISA Council recommendations for the World Championships events will be presented to the National Federations for consideration and vote at the FISA Congress on 2 September 2019 in Linz-Ottensheim, Austria. World Rowing Cup events and the World Rowing Masters Regattas will be attributed by the FISA Council and announced at the same FISA Congress. European Rowing events will follow the same timeline as the World Rowing events.

More details on the bidding and hosting conditions as well as the provisional dates of the events are provided below:
