INTRODUCTION

As we enter into the final preparation stages of the 2014 World Rowing season, we look with anticipation at the exciting events that lie ahead. The season will begin in Sydney (AUS) at the first stage of the World Rowing Cup. The series has three stages and shall continue to Aiguebelette (FRA) and then Lucerne (SUI) for the final stage.

Throughout the 2013 season, FISA made every effort to increase the awareness, popularity and attractiveness of the sport of rowing both through TV and web broadcasting as well as through on site presentation. Close collaboration with our service and television partners is essential in improving the presentation of our sport, and for this we would like to acknowledge the fantastic partnership we have built over the years with Swiss Timing, our timing and results providers; the European Broadcasting Union; Supervision, provider of big screens and Quattro Media, our TV consultancy and distribution company who achieved a huge increase in distribution and viewership of our events over the last three years. A final acknowledgement must go to Great Big Events, our Sport Presentation partner who joined us in 2011.

The 2014 World Rowing Cup venues are:

- Sydney (AUS): 28 - 30 March 2014
- Aiguebelette (FRA): 20 - 22 June 2014
- Lucerne (SUI): 11 - 13 July 2014

The World Rowing Championships and the World Rowing Masters Regatta will take place as follows:

- World Rowing Under 23 Championships in Varese (ITA): 23 - 27 July 2014
- World Rowing Junior Championships in Hamburg (GER): 6 - 10 August 2014
- World Rowing Championships in Amsterdam (NED): 24 - 31 August 2014
- World Rowing Masters Regatta in Ballarat

(AUS): 9 - 12 October 2014

- World Rowing Coastal Championships in Thessaloniki: 17 - 19 October 2014

The entire World Rowing Cup series A Finals will be produced and available for broadcasting. They will be live video streamed and is available through www.worldrowing.com.

We would like to take this opportunity to acknowledge the great support of the National Federations and their national teams, without whom none of these events would be possible: we appreciate all the efforts made.

Finally, we would like to thank the volunteer organising committees for all their hard work. We can always count on them to do everything possible to ensure the highest standard of competition for rowers and the promotion of rowing.

We have prepared this Information Bulletin to present in one place all the information you will need to take part in this year's World Rowing events.

GENERAL INFORMATION

ENTRY INFORMATION

The National Federations should send scans of the passport face page of all new athletes who will participate at 2014 World Rowing regattas to FISA by **10 March 2014**. Please attach the scans to an email message to Daniela Oronova using daniela.oronova@fisa.org.

Team managers may make their entries directly online. Please contact Daniela Oronova by e-mail at daniela.oronova@fisa.org or by phone at +41 79 377 21 85 to obtain instructions and a password.

National Federations must nominate their chosen contact person for this online entry system for the season.

Information about the entry process for the the 2014 World Rowing Masters Regata and the 2014 World Rowing Coastal Championships could be found on page 44 and 46 of the Bulletin.

Restriction on Entries

National Federations may enter up to two crews (including the International events) in each event of the final World Rowing Cup regatta and no more than three crews in each event at the other World Cup regattas.

Soon after the close of entries, a list of the nations entered in each event will be published on www.worldrowing.com.

MEDIA ACCREDITATION

The online media accreditation form is available on www.worldrowing.com.

If you have any questions, please contact Jillian O'Mara, by e-mail at media@fisa.org

BIOGRAPHICAL INFORMATION ON www.worldrowing.com

Worldrowing.com is proud to offer a comprehensive athlete and rowing officials' database containing biographical information on all current and most past international rowers. The database also includes contact details for clubs and national associations worldwide as well as results from all major regattas since 1977.

Each individual biography has its own unique URL address. You are therefore encouraged to use these biographies to supplement the information on your own websites, by linking directly from your website to your athletes' biographies on www.worldrowing.com.

Although much effort has been put into this database, we need the help of the athletes and the federations to ensure that the data is accurate and up to date. The database can be updated by each National Federation and athlete by entering into the system with a personal password.

• **ATHLETES / INDIVIDUALS:** Each individual can update his/her own biography, page and address. At the top of each individual bio, an "update your biography" button appears. Click the button, enter your e-mail address, and you will be sent a temporary password. If your e-mail address is not recognised, return the password request form together with a copy of some formal identification to the address mentioned (no driving licences please). A code will be generated and sent to your e-mail address which will allow the biographical data to be updated.

• **NATIONAL FEDERATIONS:** Each NF can update their basic information (address, contact numbers, president/secretary general, etc). This information forms the basis of FISA's mailing list, so must remain up to date. The NF can also update individual athlete bios, as well as create or update clubs and associations. Contact daniela.oronova@fisa.org to receive your NF password.

ATHLETE REGISTRATION AT WORLD CUPS

An athlete registration process will be run at all 2014 World Rowing Cup regattas starting on Wednesday morning at 8:00 hrs and finishing on Thursday at 17:00 hrs. All new athletes (those participating for first time at a World Rowing regatta) must present themselves with their passports at the athlete registration office at the venue. An individual photo will be taken there and it will be used for the regatta crew photo and for the athlete biography section on the FISA website.

FISA PRE-COMPETITION HEALTH SCREENING

All rowers competing in the 2014 World Rowing Junior Championship are required to have completed a questionnaire, submitted it to their doctor and have undertaken the required physical examination and diagnostic ECG test. The National Federation is required to confirm to FISA that all entered athletes have completed the screening.

An electronic format of this questionnaire is being prepared so that rowers can complete it online and send it directly to their doctor and the team doctor in full confidentiality followed by a physical exam and an ECG. The link for this form will be announced shortly.

When entering crews for the 2014 World Rowing Junior Championships, the National Federation will be required to declare that all entered athletes for their crews have completed this screening.
