Minutes of the Proceedings Friday, 10 February 2017

1. Opening of the Congress

President Jean-Christophe Rolland declared the Congress open and greeted the delegates. President Rolland welcomed the Honorary FISA President Denis Oswald and thanked him for his contributions to the preparation of the proposals for the Congress. The FISA President pointed out that there were several new presidents of member national federations in the room and welcomed them.

He thanked the following organisations for their support of this Extraordinary Congress:

- Japan Sport Agency and Japan Sport Council
- Japanese Olympic Committee
- Tokyo Metropolitan Government
- Tokyo 2020 Olympic Organising Committee
- Japanese Rowing Association

The President gave the floor to Daichi Suzuki, Commissioner, Japan Sports Agency who said some words of welcome to the delegates. President Okubo of the Japan Rowing Association was given the floor, said a few words and welcomed the delegates to Japan. The President thanked the Japan Rowing Association for the excellent conditions they had provided for this Congress.

President Rolland addressed the delegates on the subject of the purpose of the Congress and a review of the situation today in society and its impact on sport and sport organisations. He also updated the delegates on the situation with the 2020 Tokyo Olympic rowing venue and confirmed that it will remain in Tokyo Bay at the Sea Forest Rowing Venue.

The President introduced Masakuni Hosobuchi (Buchi) as the new Co-opted member of the FISA Council who would be working closely with the Tokyo 2020 Olympic and Paralympic Organising Committee. The Executive Director, Matt Smith presented all the members of the FISA Council. He then provided general information about the programme and the organisation of the Congress, advising how the work would take place.

The President acknowledged that it had taken the Council much work and discussion over the past three years in order to prepare the proposals which had been submitted to the delegates, using internal expertise and consulting with federations, coaches, specialists, athletes and other sports federations. He went on to say that the proposals had been made in order to improve the sport on a worldwide basis in the interest of rowers. No other considerations had guided the Council.

The President also explained that the French translation was made by an external translator in a short period of time. He welcomed any suggestions from the francophone delegates and mentioned that he was noting any corrections to be incorporated in the final version before printing. He also pointed out that the Congress was being filmed for live video streaming and would then be available for video on demand after the live period.

2. Identification of the Delegates and Confirmation of their Authority

The Executive Director Matt Smith made a roll call and informed the Congress that there were 62 federations represented: 49 federations entitled to three votes each, and 13 federations entitled to one vote each, making a total of 160 votes. Therefore, 81 votes would

be necessary for an absolute majority and 107 votes for a two-thirds majority if all votes were cast. A list of those present is annexed to these minutes.

The Executive Director said that presentation and discussion of the proposals would take place on Friday and that the final day, Saturday, would be reserved for voting only. He stressed that proposed amendments were to be made in the course of the discussions on Friday and voted upon immediately, by absolute majority, so that the final wording would be known by the delegates well in advance of the voting on Saturday.

The President explained further that where more than one proposal covered the same topic, voting would take place immediately in order to narrow them down to one proposal for the final voting on the Saturday. He said that the goal was to cover the proposals for the Statutes and Rules of Racing by Friday afternoon.

He explained that any decisions taken would have immediate effect (after the conclusion of the Congress) unless decided otherwise. The President asked if there were any questions regarding the general running of the Congress. There were none. He said the proposals had already been distributed to the delegates in the Agenda Papers according to the Statutes.

The President requested that, when delegates speak about their proposals, they stress only the main points of the proposals and not repeat what has already been written in the Agenda Papers. He reminded everyone that they should feel free to speak but asked that they be as concise as possible.

President Rolland pointed out that, with the permission of the Congress for which no

delegate objected, the Council reserved the right to make small textual amendments, if necessary, to correct mistakes or make improvements in translations, etc., after the Congress. There would, of course, be a new numbering of the Articles and Rules.

3. Appointment of Scrutineers for the Period of the Congress

The President then proposed the following individuals as scrutineers and the Congress unanimously accepted this proposal:

Tamas Benyi (HUN)

Sean Kerr (RSA)

Alan Cotter (NZL)

4. Specific Proposals from the Member Federations, the Council or the Executive Committee

The different proposals were presented and discussed during the Friday morning session. As a result of these discussions, certain proposals were withdrawn and others amended or eliminated in a preliminary vote between proposals on the same topic. A detailed report on the discussions that took place would be lengthy and tedious, and is not considered necessary. Reference was made to the Agenda papers and the new printing of the Rule Book for 2017.

The discussions of the Congress were recorded and, if there is any dispute about them, the matter can be settled by referencing the audio-tapes.

The President mentioned that the Council had presented numerous proposals for the alteration of the Bye-Laws of the Statutes and the Rules of Racing. He pointed out that

the Council has the authority to make decisions on Bye-Laws, but that the member federations have the right to ask the Council to reconsider Bye-Laws it has put into effect. However, if the Council submits a Bye-law in advance and the Congress has no objections, it thus comes into effect and may not be submitted to a subsequent Congress for reconsideration. Therefore, the Council decided to submit the Bye-Laws to the Congress in order to avoid making decisions that would be valid for a few months but might then have to be abandoned, based on requests for reconsideration. For a decision on these Bye-Laws, an absolute majority of votes cast was necessary for the approval as a normal decision of the Congress.

a. Proposed Changes to the Statutes and related Bye-Laws

The Statutes and related Bye-Laws were reviewed one by one, with additional comments and suggestions. Some proposals were withdrawn as indicated in the accompanying document.

Article 23 - A vote took place regarding this article where two options had been submitted by the Council to the Congress, and one had to be selected to be voted on Saturday. A vote took place with the following result:

Option 1 – 84 votes

Option 2 – 62 votes

Option 1 would then be voted on against the current article on Saturday.

Article 39 - Another vote took place regarding Art. 39 related to term limits as there were two proposals on how to

approach it. A vote took place with the following result:

Option 1 – Council proposal – 93 votes

Option 2 – Swiss proposal – 57 votes

Option 1 would then be voted on against the current article on Saturday.

Appendix 7 – David Tanner (GBR) asked for a review of this appendix suggesting that it should be more pragmatic and suited to the circumstances. Matt Smith said that the Council would consider it that evening.

b. Proposed Changes to the Rules of Racing and related Bye-Laws

The Rules of Racing and related Bye-Laws were reviewed one by one, with additional comment and suggestions.

Rule 27 – There was a question on whether the IOC would accept this rule change for the Olympic Games allowing coxswains of either gender to cox at World Championships. Matt Smith committed to call the IOC Sport Director to get a reaction.

Rule 31 – This proposal to eliminate averaging caused several comments from the delegates. The Council agreed to re-consider its proposal at a meeting that evening.

Rule 37 – Suggestions were received on improving the proposed new wording for Rule 37. The Council agreed to re-consider its originally proposed wording.

Rule 50 – A suggestion was received to alter the final sentence of the proposed re-wording of Rule 50. The Council agreed

to re-consider this at its meeting that evening.

Advertising Bye-Laws – Glenn Merry (USA) asked the Council to consider different manufacturers for the hats and socks. The Council agreed to consider this request at its meeting that evening.

Advertising Bye-Laws – Christian Stofer (SUI) asked the Council to consider an allocation of (sponsor) identifications that corresponded to the number of rowers in a boat. The Council agreed to consider this proposal that evening.

5. Other items proposed by the Member Federations, Council or the Executive Committee.

- a. No discussion was required on this point (Membership Request from American Samoa) and it was therefore addressed directly during the voting session on Saturday.
- b. Tokyo 2020 Olympic event programme

Discussion was opened on the above topic. The President provided the following information to explain how this issue would be handled in two steps:

- i) The Extraordinary Congress would acknowledge the authority of the IOC Executive Board (Olympic Charter) to decide on the events at the Olympic Games (Rule 37).
- ii) The Congress would then vote on the programme proposal that would be presented to the IOC Executive Board.

This had been discussed and shared with the member federations on several

occasions, and the process resulted in two final proposals:

- a. FISA Council - Replace the LM4- with the W4-
- b. AUS, CAN, CHN, DEN, SUI - Replace the M4- with the LW4-

Following discussion on Friday, a vote at an absolute majority would be taken on Saturday.

Mike Walker (CAN) announced that the Canadian Federation was to withdraw its support of the AUS/CAN/CHN/DEN/SUI proposal for the Tokyo programme. Then the following delegates took the floor on this issue:

Annamarie Phelps (GBR)

Pedro Cuervo (MEX)

Dag Danzglock (GER)

Luis Ahrens (POR)

Chris Perry (HKG)

Morten Espersen (IRL)

Budiman Setiawan (INA)

Horst Nussbaumer (AUT)

Nicholas Ee (SIN)

Glenn Merry (USA)

Ngyen Hai Duong (VIE)

Zhang Yin (CHN)

Sean Kerr (RSA)

Tricia Smith, Vice President, presented her perspective on the Tokyo 2020 Rowing Event Programme as an IOC member and Denis Oswald, Honorary President, presented his perspective on this issue as an IOC member. Then President

Jean-Christophe Rolland presented the position of the Council on this issue.

This ended the discussions on Friday, 10 February 2017

Minutes of the Proceedings Saturday, 11 February 2017

The President welcomed Mr Seiji HORIKAWA from the Tokyo Metropolitan Government, Mr Takuya Naito from the Tokyo 2020 Organising Committee who made a short presentation on the preparation of the 2020 Tokyo Olympic Games and notably on the Sea forest waterways venue.

Council Meeting Considerations

Based on the comments and suggestions received on Friday, 10 February 2017, the Executive Director announced the following re-considerations of the FISA Council:

1. Statutes - Appendix 7 – Rower's Commitment (comment on Statutes/ Rules)

The Council agreed to a more pragmatic approach to this document.

2. Rule 27 – Coxswains – Comment about the Olympic Games

The IOC Sport Director, on a phone call, indicated that he believed that there was no major problem for the IOC to consider a gender neutral approach to the coxswain but could not provide final confirmation on this at that time. The Council believed that this would not affect the adoption of the principle inside the sport of rowing.

3. Rule 31 – Lightweights – proposal to eliminate averaging.

The FISA Council withdrew its proposal on eliminating averaging and confirmed that a framework for a complete review of all aspects of lightweight rowing would be developed by the end of March and a working group including member federation representatives would be launched. The Swiss and British Federation proposals on Rule 31 were withdrawn.

4. Rule 37 – Suggestion on the proposed wording of this new Rule.

The Council submitted the following revised wording:

"The events programme for the Olympic regatta shall be determined by the IOC Executive Board after consultation with the FISA Executive Committee in accordance with the Olympic Charter."

"The FISA Congress shall vote to select a recommended Olympic programme that the FISA Executive Committee shall submit to the IOC."

5. Rule 50 – Websites

The Council agreed on this modification of the proposed change:

"Advertising may not include anything which displays or leads to content which would not be permitted under these Rules (e.g. via website URL or address, etc.)."

6. Advertising Rules Comments

- a. Glenn Merry – "Different Manufacturers on hats and socks"

The Council agreed to modify the Bye-Laws to allow different manufacturers on these two items. But the colour and design would have to be the same.

b. Christian Stofer – “Boat Stickers”

The Council agreed to a system based on the number of rowers in the boat. The exact size would still need to be decided. The preliminary idea would be 500 sq cm per rower in the boat. These could be separated or combined. The wording would be finalised later in the day.

Voting

The Congress finished the review of all Statutes, Rules, Bye-Laws and Regulations on Friday evening which allowed voting to take place Saturday as anticipated.

The President explained that delegates should indicate by raising their hands if they wanted a vote to take place on any particular proposed alteration. If no request was made, he would assume that the delegates were in favour of the proposed alteration and it would be noted as such. As usual, he asked for permission to improve wording as long as there was no change in meaning. There were no objections. Finally, he asked for permission to make any consequential changes as they arose in the wordings. There were no objections.

The Executive Director Matt Smith made a new roll call and informed the Congress that, at that moment, 62 federations were present in the room and one federation was known to be in the hotel but had not arrived in the room: 48 federations entitled to three votes each and 14 federations entitled to one vote each, making a total of 158 votes. Therefore, 80 votes would be necessary for an absolute majority and 106 votes for a two-thirds majority if all votes were cast. Subsequently, at the time of voting on Art.42, the final delegate arrived making the number of federations present 63: 49 federations entitled to 3 votes

each and 14 federations entitled to one vote each, making a total of 161 votes. Therefore, 81 votes would now be required for an absolute majority and 108 votes for a two-thirds majority if all votes were cast. A list of those present is annexed to these minutes.

The voting took place and a chart describing the vote and showing the outcome of the voting is attached. In particular, the new wording to Rule 37 was passed and it took effect immediately leading to the vote presented below on the proposal for the Tokyo 2020 event programme that would be submitted to the IOC.

5. Other items proposed by the Member Federations, Council or the Executive Committee.

a. Membership request from American Samoa

The membership request from American Samoa was approved by the Congress and it became FISA's 151st member.

b. Tokyo 2020 Olympic event programme

There were two proposals for the Tokyo 2020 Olympic Rowing Programme that would need an absolute majority in order to be selected and presented to the IOC:

The FISA Council proposal included the following gender equal boat classes:

M1x, M2-, M2x, M4-, M4x, M8+, LM2x

W1x, W2-, W2x, W4-, W4x, W8+, LW2x

The AUS, CHN, DEN, SUI proposal included the following gender equal boat classes:

M1x, M2-, M2x, M4x, M8+, LM2x, LM4-

W1x, W2-, W2x, W4x, W8+, LW2x, LW4-

The result of the voting was as follows:

Council Proposal: 94 votes

AUS, CHN, DEN, SUI Proposal: 67 votes

The Council's proposal would then be submitted, as described in the new Rule 37, to the IOC for a final decision by the IOC Executive Board.

6. Additional Topics for Discussion

a. 2020 Olympic Qualification System

The Council proposed the following consultation process with member federations leading to the development of the Tokyo 2020 Olympic Qualification System for submission to the IOC Executive Board:

- i) General Comments and Discussion in Tokyo, 11 February 2017
- ii) First Draft – Comments and Discussion in Trakai, August 2017
- iii) Second Draft – Comments and Discussion in Sarasota/Bradenton, 2 October 2017
- iv) Final Proposal submitted by the FISA Council to the IOC Executive Board in November 2017

Several comments and suggestions were presented by the delegates including the following:

- Consider excluding USA, CAN, AUS, NZL from the final European Qualification Regatta
- Consider limiting NFs to a maximum of 10 crews at the Olympic Games

- Consider Doubling up as a solution
- Increase the quota of lightweight doubles to compensate for the loss of the four
- Consider qualifying all eights at the World Championships
- Consider a different solution to the "Belgian" dilemma of selecting one from two qualifying (first placing) crews from the continental qualification regatta

b. 2020 International event calendar

As the Tokyo 2020 Olympic Games would be taking place two weeks earlier than the dates of the Rio 2016 Games, two issues arose for international rowing:

- i) The World Cup / Final Qualification regatta dates for 2020? Proposals will follow.
- ii) Whether to stage separate World Junior and Under 23 Championships or again to combine them? Detailed analysis and proposals will follow.

c. Future FISA World Championship Programmes (Rule 36)

The Council proposed to delay the decision on Rule 36, the World Championship programmes, until after the decision of the IOC Executive Board on the Tokyo 2020 Olympic event programme. The 2017 Extraordinary Congress agreed to delegate this authority to the 2017 Ordinary Congress on 2 October 2017.

The Council proposed that several consultations with member federations take place during 2017 regarding detailed

proposals for the World Championship programmes (following the IOC decision) which would then determine the proposals presented for vote to the 2017 FISA Ordinary Congress on 2 October 2017 in Sarasota/Bradenton, Florida, USA.

7. Any other business

- a. Finance – Mike Williams, FISA Treasurer, presented the updated 2017 to 2020 FISA four-year budget which was the result of careful consideration. A provisional four-year financial plan had been presented and approved at the 2016 FISA Ordinary Congress. However, this plan was a best guess on a number of issues which were not known at that point. The Council agreed to come back to the delegates in Tokyo with the plan that is much more realistic and based on more complete information.
- b. Anti-Doping – The President and the Executive Director provided information on the situation which followed the release of the McLaren report on 18 July 2016 and the actions taken by FISA following the decisions of the IOC Executive Board and the implications for the Olympic Games.

Closing

The President summed up the key outcomes of this Extraordinary Congress. He thanked the delegates for their active and

constructive collaboration. He congratulated the delegates on their decisions, including:

- a. FISA will present a gender equal Olympic event programme as its proposal for the IOC.
- b. Para Rowing will have the same field of play and race distance to fully integrate at FISA events.
- c. A majority of delegates voted to improve the gender balance of the Congress delegates but missed the two-thirds majority required to make it a requirement. This is very positive and we hope to see an improvement.

The Japan Rowing Federation, the organising committee and the volunteers were thanked for their service at the Congress. The President also thanked the interpreters for their excellent services during the Congress. And he thanked the FISA Staff for the excellent preparation work.

The 2017 FISA Extraordinary Congress was declared closed on Saturday, 11 February 2017.

Jean-Christophe Rolland, President

Matt Smith, Executive Director
