Subject: FW: Olympic Programme Proposal - AUS
Date: mercredi 9 novembre 2016 02:46:27
Attachments: [FISA NF presentation.pdf](#)

Dear Matt,

Thank you for your note below.

I am pleased to confirm that Rowing Australia would like the attached proposal to replace the M4- in favour of the LW4- (as recently jointly presented by AUS, DEN, CAN and SUI) officially presented to the February 2017 FISA Extraordinary Congress.

To date, we have had confirmation from DEN and CAN that they would like to jointly submit this proposal with AUS. In addition, we have received advice that other nations have expressed support for this proposal.

Further information in support of this proposal will be submitted to FISA by 16th November.

We would also greatly appreciate if you could please advise what date FISA expects to be in a position to circulate the agenda papers to National Federations prior to the Extraordinary Congress.

Kind regards,

MICHAEL SCOTT
