2. General

- a. Universality.
- b. Good gender representation, reflecting the actual situation within the whole FISA umpires group.
- c. History of the representation of NFs at the same event.
- d. NF's activity (=participation) at the particular FISA event.
- e. No jury membership by the same umpire of the same event in two consecutive years (except World Rowing Cup).
- f. At least one representative in a jury per NF having transmitted nominations, the exception being the NF with only 1 FISA umpire.
- g. Increased jury membership for representatives of the NF, having less experience, and hosting a major rowing event in the near future (e.g., Rio 2016 – Chungju 2013 – etc.)

3. Olympic Games / Paralympic Games

- a. No NF (except the host) will have more than 1 umpire in both events combined.
- b. History of the representation of representatives of the same NF.

4. Olympic Games

- a. Once in a lifetime membership on an Olympic jury.
- b. Membership of the jury for the same NF = maximum of 4 consecutive Olympic regattas.
- c. Gender representation is close as possible to that for the athletes (Tokyo: 50% male / 50% female).
- d. All Continents represented.
- e. Good feedback on activities (also communication) of the nominee concerned at previous FISA events.
