

APPENDIX R15 - 2024	APPENDIX R15 Proposed Changes for 2025	
FISA PARA ROWING CLASSIFICATION REGULATIONS – EVENT REGULATIONS AND/ OR DEPARTURES FROM THE WORLD ROWING RULES OF RACING	FISA PARA ROWING CLASSIFICATION REGULATIONS – EVENT REGULATIONS AND/ OR DEPARTURES FROM THE WORLD ROWING RULES OF RACING	
The World Rowing Para Rowing Classification Regulations are an integral part of the World Rowing Rules of Racing, related Bye-Laws and Event Regulations available at www. worldrowing.com .	The World Rowing Para Rowing Classification Regulations are an integral part of the World Rowing Rules of Racing, related Bye-Laws and Event Regulations available at www. worldrowing.com . A glossary of terms is found at the end of this Appendix.	R15 Para Rowing Classification Regulations has been revised to reflect the changes in the IPC requirements for classification and corresponding terminology. The major change is that the final confirmation of an athlete’s Sport Class must be done based on assessing an athlete in competition.
International Paralympic Committee (IPC) Classification Code	International Paralympic Committee (IPC) Classification Code	
World Rowing has implemented these Classification Regulations having regard to the IPC Classification Code (“the IPC Code”). In the event that these Classification Regulations fail to provide for a matter in respect of which there is provision in the IPC Code, the provisions appearing in the IPC Code shall apply and be regarded as being part of these Regulations.	World Rowing has implemented these Classification Regulations having regard to the IPC Classification Code (“the IPC Code”). In the event that these Classification Regulations fail to provide for a matter in respect of which there is provision in the IPC Code, the provisions appearing in the IPC Code shall apply and be regarded as being part of these Regulations.	
1) Introduction to Classification	1) Introduction to Classification	
a) Classification: An Overview	a) Classification: An Overview	
i) In accordance with the IPC Code, the term “classification”, as used in these Regulations, refers to the process by which athletes are evaluated by reference to the impact of impairment on their ability to compete in the sport of rowing. The purpose of Classification is to provide a structure for competition. Classification is undertaken to	i) In accordance with the IPC Code, the term “classification”, as used in these Regulations, refers to the process by which athletes are evaluated by reference to the impact of impairment on their ability to compete in the sport of rowing. The purpose of Classification is to provide a structure for competition. Classification is undertaken to ensure that an	

<p>ensure that an athlete's impairment is relevant to sport performance and to ensure that the athlete competes equitably with other athletes. Classification determines the eligibility to compete and groups athletes for competition.</p>	<p>athlete's impairment is relevant to sport performance and to ensure that the athlete competes equitably with other athletes. Classification determines the eligibility to compete and groups athletes for competition.</p>	
<p>ii) The allocation to an athlete of a Sport Class is determined by a medical and technical assessment of the athlete, and, if required, observation in training and/or competition. These processes are explained in these Classification Regulations.</p>	<p>ii) The allocation to an athlete of a Sport Class is determined by a medical and technical assessment of the athlete, and, if required, an Observation <u>Assessment of the athlete</u> in training and/or competition. These processes are explained in these Classification Regulations.</p>	<p>In Competition Observation is now a compulsory step in the Classification process. It shall take place during the athlete's First Appearance (first race of the regatta).</p>
<p>iii) A Sport Class will only be allocated to an Athlete who has an impairment that is the direct result of an underlying health condition which has resulted in a permanent and verifiable activity limitation.</p>	<p>iii) A Sport Class will only be allocated to an Athlete who has an impairment that is the direct result of an u<u>Underlying h</u>Health <u>eCondition</u> which has resulted in a permanent and verifiable activity limitation.</p>	<p>UHC is now a defined term and therefore capitalized.</p>
<p>b) Eligible Impairments – Following is a list of eligible impairments, being those impairments accepted by World Rowing for classification of para rowers:</p>	<p>b) Eligible Impairments – The following Following is a list of e<u>Eligible h</u>Impairments, being those impairments accepted by World Rowing for classification of para rowers:</p>	<p>MT – do we need to adjust this List to meet any IPC changes? Some examples below (I'm not sure if these apply to Rowing!!!)</p>
<p>i) Visual impairment – Athletes with impaired vision have reduced or no vision as a result of damage to the eye structure, optical nerves or optical pathways, or visual cortex of the brain. Examples include: retinitis pigmentosa and diabetic retinopathy.</p>	<p>i) Visual impairment – Athletes with impaired vision have reduced or no vision as a result of damage to the eye structure, optical nerves or optical pathways, or visual cortex of the brain. Examples include: retinitis pigmentosa and diabetic retinopathy.</p>	
<p>ii) Impaired muscle power – Athletes with impaired muscle power have a health condition that either reduces or eliminates their ability to voluntarily contract their</p>	<p>ii) Impaired muscle power – Athletes with impaired muscle power have a health condition that either reduces or eliminates their ability to voluntarily contract their</p>	

<p>muscles in order to move or to generate force. Examples include: spinal cord injury (complete or incomplete, tetra-or paraplegia), muscular dystrophy, post-polio syndrome and spina bifida.</p>	<p>muscles in order to move or to generate force. Examples include: spinal cord injury (complete or incomplete, tetra-or paraplegia), muscular dystrophy, post-polio syndrome and spina bifida.</p>	
<p>iii) Impaired range of movement – Athletes with impaired range of movement have a restriction or a lack of passive movement in one or more joints. Examples include: arthrogryposis and contracture resulting from chronic joint immobilisation or trauma affecting a joint.</p>	<p>iii) Impaired <u>passive</u> range of movement – Athletes <u>with impaired range of movement</u> have a restriction or a lack of passive movement in one or more joints. Examples include: arthrogryposis and contracture resulting from chronic joint immobilisation or trauma affecting a joint.</p>	
<p>iv) Limb deficiency – Athletes with limb deficiency have total or partial absence of bones or joints as a consequence of trauma (for example traumatic amputation), illness (for example amputation due to bone cancer) or congenital limb deficiency (for example dysmelia).</p>	<p>iv) Limb deficiency <u>and/or limb length difference</u> – Athletes <u>with limb deficiency</u> have total or partial absence of bones or joints as a consequence of trauma (for example traumatic amputation), illness (for example amputation due to bone cancer) or congenital limb deficiency (for example dysmelia).</p>	
<p>v) Hypertonia – Athletes with hypertonia have an increase in muscle tension and a reduced ability of a muscle to stretch caused by damage to the central nervous system. Examples include: cerebral palsy, traumatic brain injury and stroke.</p>	<p>vi) Hypertonia/<u>spasticity</u> – Athletes <u>with hypertonia</u> have an increase in muscle tension and a reduced ability of a muscle to stretch caused by damage to the central nervous system. Examples include: cerebral palsy, traumatic brain injury and stroke.</p>	
<p>vii) Ataxia – Athletes with ataxia have uncoordinated movements caused by damage to the central nervous system. Examples include: cerebral palsy, traumatic brain injury, stroke and multiple sclerosis.</p>	<p>vii) <u>Motor</u> Ataxia – Athletes <u>with ataxia</u> have uncoordinated movements caused by damage to the central nervous system. Examples include: cerebral palsy, traumatic brain injury, stroke and multiple sclerosis.</p>	
<p>viii) Athetosis – Athletes with athetosis have continual slow involuntary movements.</p>	<p>viii) Athetosis – Athletes with athetosis have continual slow involuntary movements.</p>	

Examples include cerebral palsy, traumatic brain injury and stroke.	Examples include cerebral palsy, traumatic brain injury and stroke.	
c) Non-eligible Impairments – Any impairment not listed in Regulation 1) b) is referred to as a Non-eligible Impairment. Examples include:	c) Non-eligible Impairments – Any impairment not listed in Regulation 1) b) is referred to as a Non-eligible Impairment. Examples include:	
i) Pain;	i) Pain;	
ii) Hearing impairment;	ii) Hearing impairment;	
iii) Low muscle tone;	iii) Low muscle tone;	
iv) Hypermobility of joints;	iv) Hypermobility of joints;	
v) Joint instability, such as unstable shoulder joint, recurrent dislocation of a joint;	v) Joint instability, such as unstable shoulder joint, recurrent dislocation of a joint;	
vi) Impaired muscle endurance;	vi) Impaired muscle endurance;	
vii) Impaired motor reflex functions;	vii) Impaired motor reflex functions;	
viii) Impaired cardiovascular functions;	viii) Impaired cardiovascular functions;	
ix) Impaired respiratory functions;	ix) Impaired respiratory functions;	
x) Impairment metabolic functions;	x) Impairment metabolic functions;	
xi) Tics and mannerisms, stereotypes and motor perseveration.	xi) Tics and mannerisms, stereotypes and motor perseveration.	
d) The IPC has specified certain health conditions that do not lead to an Eligible Impairment. Examples are:	d) The IPC has specified certain health conditions that do not lead to an Eligible Impairment. Examples are:	
i) Health conditions that primarily cause pain, such as myofascial pain-dysfunction syndrome, fibromyalgia or complex regional pain syndrome.	i) Health conditions that primarily cause pain, such as myofascial pain-dysfunction syndrome, fibromyalgia or complex regional pain syndrome.	
ii) Health conditions that primarily cause fatigue, such as chronic fatigue syndrome.	ii) Health conditions that primarily cause fatigue, such as chronic fatigue syndrome.	
iii) Health Conditions that primarily cause joint hypermobility or hypotonia, such as Ehlers-Danlos syndrome.	iii) Health Conditions that primarily cause joint hypermobility or hypotonia, such as Ehlers-Danlos syndrome.	
iv) Health Conditions which are primarily psychological or psychosomatic in nature,	iv) Health Conditions which are primarily psychological or psychosomatic in nature,	

such as conversion disorders or posttraumatic stress disorder.	such as conversion disorders or posttraumatic stress disorder.	
e) Submission and Review of Medical Documentation	e) Submission and Review of Medical Documentation	
<p>i) An athlete’s member federation shall upload all required relevant medical documentation via the World Rowing Pre-Classification Portal no later than 40 days prior to the date of classification. The purpose of this documentation is to allow World Rowing to verify that an athlete’s impairments are the direct result of a health condition which has resulted in a permanent and verifiable activity limitation. Medical documentation here includes, but is not limited to, medical history or results from any relevant investigations (MRI, CT scan, EMG, EEG, nerve conduction, visual tests), athlete’s date of birth, and date of injury. Where documentation is not submitted by the required deadline, an athlete may be refused classification evaluation.</p>	<p>i) An athlete’s member federation shall upload all required relevant medical documentation via the World Rowing Pre-Classification Portal World Rowing Online Classification Portal no later than 40 <u>60</u> days prior to the date of classification. The purpose of this documentation is to allow World Rowing to verify that an athlete’s impairments are the direct result of a health condition which has resulted in a permanent and verifiable activity limitation. Medical documentation here includes, but is not limited to, medical history or results from any relevant investigations (MRI, CT scan, EMG, EEG, nerve conduction, visual tests), athlete’s date of birth, and date of injury. Where documentation is not submitted by the required deadline, an athlete may be refused classification evaluation.</p>	<p>World Rowing does not have a specific ‘Pre-Classification Portal, it is just the database used for entries etc.</p> <p>Change to submission deadline: now 60 days prior.</p> <p>https://worldrowing.com/technical/para-rowing-classification/</p>
<p>ii) This documentation must be provided on the World Rowing Medical Diagnostics Form for athletes with physical impairments, and on the VI Medical Form for athletes with visual impairments.</p>	<p>ii) This documentation must be provided on the World Rowing Medical Diagnostics Form for athletes with physical impairments, and on the VI Medical Form for athletes with visual impairments.</p>	
<p>iii) The documentation must be completed in full in English, and be dated and signed by an appropriate medical doctor. It must also include any required test results as listed on the forms. Where the medical</p>	<p>iii) The documentation must be completed in full in English, and be dated and signed by an appropriate medical doctor. It must also include any required test results as listed on the forms. Where the medical</p>	

<p>documentation is not written in English, an official translation shall be provided. Any translation must be accompanied by an official certification that it is a true and correct translation.</p>	<p>documentation is not written in English, an official translation shall be provided. Any translation must be accompanied by an official certification that it is a true and correct translation.</p>	
	<p><u>iv) The Classification Advisory Panel shall appoint a UHC Assessor who shall meet the requirements of the IPC Code. The UHC Assessor may be one or more people.</u></p> <p><u>(1) The Head of Classification will set timelines for the production of the Diagnostic Information.</u></p> <p><u>(2) The UHC Assessor and Chief Classifier shall be required to uphold the same privacy requirements as all classifiers.</u></p> <p><u>(3) Wherever possible, all references to the name or member federation of the athlete should be withheld from the UHC Assessor. Each member will review the diagnostic information and decide whether it establishes the existence of an eligible impairment.</u></p> <p><u>(4) The UHC Assessor shall make its decisions by a majority. The CAP may veto any decision if they do not agree that the Diagnostic Information supports the conclusion that the athlete has an eligible impairment.</u></p>	<p>Bring all of old paragraphs iv) (1), (2), (3) to here instead of at xi) below. It is a more logical sequence for these paragraphs.</p>
<p>iv) Upon receipt, the Chief Classifier will review and either accept the documentation as uploaded, or may request the member federation to provide specific additional</p>	<p><u>v) Upon receipt, of the required documentation the UHC Assessor will review the documentation provided by the Member Federation, to make a preliminary</u></p>	<p>Update to terminology. The UHC Assessor may be formed of one or more people appointed</p>

<p>information. The reason for this is to make a preliminary assessment of whether the athlete has an eligible impairment that is the direct result of a health condition that leads to a permanent and verifiable activity limitation. The Chief Classifier may at any stage seek additional medical, technical or scientific opinion, and may also appoint an Eligibility Assessment Committee (EAC) if he or she deems it necessary to make the decision. It is important to note that the Classification Panel will also review all medical documentation during classification evaluation with the athlete present. The Panel may decide at the time of classification that the athlete does not have an eligible impairment, and the athlete will not be allowed to undergo classification assessment.</p>	<p><u>assessment of whether the athlete has an Underlying Health Condition, that leads to a permanent and verifiable activity limitation.</u></p> <p><u>vi) The Chief Classifier will review all documentation in addition to the UHC Assessor.</u></p> <p>vii) The UHC Assessor may consist of more than one member. If the members are unable to reach a unanimous decision, the UHC Assessor must make its decision by majority.</p> <p>vii) Upon receipt, the Chief Classifier will review and either accept the documentation as uploaded, or may request the member federation to provide specific additional information. The reason for this is to make a preliminary assessment of whether the athlete has an eligible impairment that is the direct result of a health condition that leads to a permanent and verifiable activity limitation. The Chief Classifier may at any stage seek additional medical, technical or scientific opinion, and may also appoint an Eligibility Assessment Committee (EAC) if he or she deems it necessary to make the decision. It is important to note that the Classification Panel will also review all medical documentation during classification evaluation with the athlete present. be prior to the next competition in which the athlete is to compete. The athlete is required to be classified at or prior to their next competition.	prior to the next competition in which the athlete is to compete. The athlete is required to be classified at or prior to their next competition.	
vi) An International Classification Panel may seek additional medical, sport, or scientific expertise if it considers that this would assist it in completing the process of athlete Evaluation.	vi) An International Classification Panel may seek additional medical, sport, or scientific expertise if it considers that this would assist it in completing the process of athlete Evaluation.	
d) Preparing Classification Panels for Competition	d) Preparing Classification Panels for Competition	
i) The CAP should, where possible, appoint a Chief Classifier at least three months prior to a Competition. Classification Panels shall, where possible, be appointed at least two months before a Competition.	i) The CAP should, where possible, appoint a Chief Classifier at least three months prior to a Competition. Classification Panels shall, where possible, be appointed at least two months before a Competition.	
ii) A member of the CAP may act as the Chief Classifier at a Competition.	ii) A member of the CAP may act as the Chief Classifier at a Competition.	
iii) The Classification Coordinator or Chief Classifier for a Competition shall provide the organising committee with an Athlete Evaluation schedule prior to the Competition, and to member federations and/or teams on or before their arrival at the event.	iii) The Classification Coordinator or Chief Classifier for a Competition shall provide the organising committee with an Athlete Evaluation <u>Evaluation Session</u> schedule prior to the Competition, and to member federations and/or teams on or before their arrival at the event.	
iv) In respect of Competitions where athletes with physical and/or visual impairments are to compete, the CAP must ensure that Classification Panels are certified to conduct Athlete Evaluation in respect of athletes with physical and/or visual impairments.	iv) In respect of Competitions where athletes with physical and/or visual impairments are to compete, the CAP must ensure that Classification Panels are certified to conduct Athlete Evaluation in respect of athletes with physical and/or visual impairments.	
	4) <u>Athlete Evaluation Process</u>	Bring this section earlier to describe the Athlete Evaluation

		Process before the Evaluation Session section'
	a) <u>Athletes with a visual impairment will be assessed by an International Classification Panel comprising IBSA approved VI classifiers.</u>	
	b) <u>Athletes with a physical impairment will be assessed by a World Rowing Classification Panel (Refer 3)a) above). The Classification Panel will conduct a medical and technical assessment of the athlete to establish that the athlete has a permanent Impairment that qualifies the athlete for participation in para rowing and if so to determine the Athlete's provisional Sport Class and Sport Class status pending the In Competition on-water Observation Assessment.</u>	
	c) <u>These Regulations specify certain means of conducting Medical and Technical Assessment. These means are described in the World Rowing Classifiers Manual and may be amended and/or updated from time to time by the World Rowing Para Rowing Commission.</u>	
	d) Following the allocation of a Provisional Sport Class, the Classification Panel shall <u>may</u> conduct an <u>In Competition</u> on-water Observation Assessment before allocating a final Sport Class and Sport Class Status. <u>Observation of the In Competition on-water assessment follows the principles of the technical assessment, it complements the land-based technical assessment by providing the Classification Panel or its delegates an opportunity to observe the athlete in a competitive n on-water sport situation where</u>	In Competition Observation Assessment is now compulsory. It is important to clarify that it must be 'In Competition) i.e. not during training.

	<p>they are able to demonstrate their functional ability in the boat. The purpose is to ensure that what is observed in competition is consistent with what was observed in the previous stages of Classification.</p>	
4) Classification: Athlete Evaluation	5) Classification: Athlete Evaluation <u>Evaluation Session</u>	
a) Athlete Evaluation: General	a) <u>Evaluation Session</u> : General	
i) "Athlete Evaluation" is the process (as defined by the assessment methodology described in the World Rowing Classifiers Manual) by which an athlete is assessed by a Classification Panel in order that the athlete may be allocated a Sport Class and a Sport Class Status. This applies to both on water and indoor rowing.	i) <u>"Evaluation Session" is the session an Athlete is required to attend for a Classification Panel to assess that Athlete's Minimum Impairment and Sport Class. depending on the extent to which that Athlete is able to execute the specific tasks and activities fundamental to that sport.</u> is the process (as defined by the assessment methodology described in the World Rowing Classifiers Manual) by which an athlete is assessed by a Classification Panel in order that the athlete may be allocated a Sport Class and a Sport Class Status. This applies to both on water and indoor rowing.	
	ii) <u>In order to be eligible to attend an Evaluation Session, the athlete must be entered in the competition at which the Evaluation Session takes place. This is because the athlete must be observed In-Competition to be awarded a Sport Class and Sport Class Status.</u>	
ii) Each athlete shall choose one person to accompany them when presenting for Athlete Evaluation. If the athlete is a minor, that athlete must be accompanied by a member of the relevant member federation.	iii) Each a <u>A</u> thlete shall choose one person to accompany them when presenting for an Athlete Evaluation <u>Evaluation Session</u> . If the a <u>A</u> thlete is a minor, that a <u>A</u> thlete must be accompanied by a member of the relevant member federation. The accompanying	

<p>The accompanying person may not influence the Athlete Evaluation in any way.</p>	<p>person may not influence the Athlete Evaluation<u>Evaluation Session</u> in any way.</p>	
<p>iii) Athlete Evaluation and its associated processes shall be conducted in English. The respective member federation is responsible for arranging for an interpreter to be present (in addition to the representative listed in 4.1.2) if this is required by the athlete for the purpose of complying with the Athlete Evaluation process.</p>	<p>iv) Athlete Evaluation<u>The Evaluation Session</u> and its associated processes shall be conducted in English. The respective member federation is responsible for arranging for an interpreter to be present (in addition to the representative listed in 5.a.iii of this is required by the aAthlete for the purpose of complying with the Athlete Evaluation<u>Evaluation Session</u> process.</p>	
<p>iv) The athlete and the relevant member federation are jointly responsible for ensuring that the athlete attends Athlete Evaluation. If an athlete fails to attend an Evaluation Session, the Classification Panel will report the failure to the Chief Classifier. The Chief Classifier may, if satisfied that a reasonable explanation exists for the failure to attend the Evaluation Session, specify a revised date and time for a further Evaluation Session. If the athlete is unable to provide a reasonable explanation for non-attendance, or if the athlete fails to attend Athlete Evaluation on a second occasion, no Sport Class will be allocated.</p>	<p>v) The aAthlete and the relevant member federation are jointly responsible for ensuring that the aAthlete attends the Athlete Evaluation<u>the Athlete Evaluation Session</u>. If an athlete fails to attend an Evaluation Session, the Classification Panel will report the failure to the Chief Classifier. The Chief Classifier may, if satisfied that a reasonable explanation exists for the failure to attend the Evaluation Session, specify a revised date and time for a further Evaluation Session. If the aAthlete is unable to provide a reasonable explanation for non-attendance, or if the athlete fails to attend Athlete Evaluation<u>Evaluation Session</u> on a second occasion, no Sport Class will be allocated.</p>	
<p>v) The athlete must agree to and accept the terms of the World Rowing Para Rowing Consent Form prior to participating in Athlete Evaluation by signing the Consent Form.</p>	<p>vi) The aAthlete must agree to and accept the terms of the World Rowing Para Rowing Consent Form prior to participating in an Athlete Evaluation<u>an Evaluation Session</u> by signing the Consent Form.</p>	
<p>vi) Athletes must attend Athlete Evaluation in suitable attire (such that an athlete's ability</p>	<p>vii) Athletes must attend the Athlete Evaluation<u>the Athlete Evaluation Session</u> in suitable</p>	

<p>to row is not limited by their attire) and with all sports equipment which the athlete specifically uses, including (but not limited to) cushions, straps, prosthetics. The athlete must provide a recognised form of photo identification, such as a passport, or official identity card.</p>	<p>attire (such that an <u>the</u> a Athlete's ability to row is not limited by their attire) and with all sports equipment which the athlete specifically uses, including (but not limited to) cushions, straps, prosthetics. The a Athlete must provide a recognised form of photo identification, such as a passport, or official identity card.</p>	
<p>vii) The athlete must disclose to the Classification Panel prior to Athlete Evaluation any medication and/or any medical device/ Implant routinely used by the athlete. The Classification Panel may in its sole discretion decline to proceed with Athlete Evaluation if it considers that the use of such medication will affect its ability to conduct Physical and Technical Assessment. The Classification Panel may agree to Athlete Evaluation taking place at a later time and date in such circumstances.</p>	<p>viii) The a Athlete must disclose to the Classification Panel prior to <u>the Athlete Evaluation</u> Evaluation Session any medication and/or any medical device/ Implant routinely used by the athlete. The Classification Panel may in its sole discretion decline to proceed with <u>the Athlete Evaluation</u> Evaluation Session if it considers that the use of such medication will affect its ability to conduct Physical and Technical Assessment. The Classification Panel may agree to Athlete <u>the Athlete Evaluation</u> Evaluation Session taking place at a later time and date in such circumstances.</p>	
<p>viii) A Classification Panel may only have regard to evidence supplied to it by the relevant athlete, their member federation and World Rowing when allocating a Sport Class.</p>	<p>ix) A Classification Panel may only have regard to evidence supplied to it by the relevant <u>relevant</u> a Athlete, their member <u>their member</u> federation and World Rowing when allocating a Sport Class.</p>	
<p>ix) A Classification Panel undertaking Athlete Evaluation may at any stage seek medical, technical or scientific opinion, with the agreement of the Chief Classifier. This expertise may only be sought if the Classification Panel feels that such expertise</p>	<p>x) A Classification Panel undertaking <u>Athlete Evaluation</u> the Evaluation Session may at any stage seek medical, technical or scientific opinion, with the agreement of the Chief Classifier. This expertise may only be sought if the Classification Panel feels that such</p>	

is necessary in order that it can allocate a Sport Class.	expertise is necessary in order that it can allocate a Sport Class.	
x) Video footage and/or photography may be utilised by the Classification Panel for all classification.	xi) Video footage and/or photography may be utilised by the Classification Panel for all classification <u>as well as for rower evaluation at World Rowing Recognised Competitions under 5.d (i) and (ii) below</u>	Allows use of all hybrid, virtual and on-site technology at classification as well as on-water at events.
xi) Athlete Evaluation must take place in a manner that respects the provisions of the International Standard for Classification Data Protection and consistent with the provisions of the International Standard for Classification Personnel and Training. For this purpose, the IPC’s International Standard for Classification Data Protection shall be regarded as part of these regulations and shall be followed by all concerned parties.	xii) Athlete Evaluation must take place in a manner that respects the provisions of the International Standard for Classification Data Protection and consistent with the provisions of the International Standard for Classification Personnel and Training. For this purpose, the IPC’s International Standard for Classification Data Protection shall be regarded as part of these regulations and shall be followed by all concerned parties.	
xii) The Athlete Evaluation process shall encompass the following stages: (1) Assessment of Eligible Impairment; (2) Assessment against Minimum Impairment Criteria; (3) Allocation of Sport Class and Sport Class Status.	xiii) The Athlete Evaluation process shall encompass the following stages: (1) Assessment of Eligible Impairment <u>Assessment</u> ; (2) Assessment against Minimum Impairment Criteria <u>Assessment</u> ; <u>Sport Class Assessment Allocation of Sport Class and Sport Class Status.</u>	(Updated wording to reflect new IPC code).
b) Assessment of Eligible Impairment – Assessment of an eligible impairment is normally completed prior to the Athlete Evaluation, by the Head of Classification or Chief Classifier, using the medical documentation which has been provided earlier.	b) Assessment of an Eligible Impairment Assessment – i) Assessment <u>is normally completed prior to the Evaluation Session Athlete Evaluation, by the Head of Classification or, by the Chief Classifier and Classification Panel, using the</u>	Renumbered paragraphs under b).

	<p><u>medical documentation which has been provided earlier.</u></p> <p>ii) <u>The Eligible Impairment Assessment consists of a documentation check by the Classification Panel. The Classification Panel will review the documentation related to the initial UHC Assessment and the outcome provided by the UHC Assessor. The Classification Panel will conduct a short interview with the athlete.</u></p>	
	<p>iii) <u>If during the Eligible Impairment Assessment, the Classification Panel finds inconsistencies with the Underlying Health Condition reported in the UHC Assessment, the Classification Panel will designate the Athlete as 'Classification Not Completed (CNC)' and provide the Chief Classifier and the Classification Coordinator with a written explanation of the inconsistencies, identifying any additional information that is required. The Classification Coordinator will share this report with the athlete's Member Federation</u></p>	Relates to process as defined in the IPC Code.
c) Assessment of Minimum Impairment Criteria	c) <u>Assessment of</u> Minimum Impairment Criteria <u>Assessment</u>	
i) Only an athlete who has an Eligible Impairment shall be assessed for meeting	i) Only an athlete who has an Eligible Impairment shall be assessed for meeting the	

the minimum impairment criteria for Para Rowing.	minimum impairment criteria for Para Rowing.	
ii) For athletes with a physical impairment, the minimum impairment criteria is a full loss of three fingers on one hand, or at least a trans-metatarsal amputation of the foot, or the loss of ten points on one limb or fifteen points across two limbs when assessed using the Functional Classification Assessment Chart as included in the Classification Application Form for Physical Disabilities. (Refer World Rowing website, Eligible Impairment Types and Medical Diagnostic Requirements).	ii) For athletes with a physical impairment, the minimum impairment criteria is a full loss of three fingers on one hand, or at least a trans-metatarsal amputation of the foot, or the loss of ten points on one limb or fifteen points across two limbs when assessed using the Functional Classification Assessment Chart as included in the Classification Application Form for Physical Disabilities. (Refer World Rowing website, Eligible Impairment Types and Medical Diagnostic Requirements).	
iii) For Athletes with a visual impairment, the minimum impairment as assessed by approved VI Classifiers is a classification of B3.	iii) For Athletes with a visual impairment, the minimum impairment as assessed by approved VI Classifiers is a classification of B3.	
d) Athlete Evaluation Process	f) Athlete Evaluation Process	Section moved up to new 4)
i) Athletes with a visual impairment will be assessed by an International Classification Panel comprising IBSA approved VI classifiers.	ii) Athletes with a visual impairment will be assessed by an International Classification Panel comprising IBSA approved VI classifiers.	Section moved up to new 4)
ii) Athletes with a physical impairment will be assessed by a World Rowing Classification Panel (Refer 3)a) above). The Classification Panel will conduct a medical and technical assessment of the athlete to establish that the athlete has a permanent Impairment that qualifies the athlete for participation in para rowing and if so to determine the athlete's Sport Class and Sport Class status.	ii) Athletes with a physical impairment will be assessed by a World Rowing Classification Panel (Refer 3)a) above). <p>7) Ad Hoc Provisions Relating to Protests and Appeals</p>	<p>7) Ad Hoc Provisions Relating to Protests and Appeals</p>	
<p>a) The IPC may issue special ad hoc provisions to supplement these Regulations to operate during the Paralympic Games or other competitions. World Rowing may also issue special ad hoc provisions to these Regulations to operate during specified Competitions under their own jurisdiction.</p>	<p>The IPC may issue special ad hoc provisions to supplement these Regulations to operate during the Paralympic Games or other competitions. World Rowing may also issue special ad hoc provisions to these Regulations to operate during specified Competitions under their own jurisdiction.</p>	
	<p>8) <u>Sport Classes and Eligibility Requirements for each Sport Class</u></p>	<p>Move these Regulations (previously 9) & 10)) up to 8) & 9) BEFORE the Glossary. And move Glossary to Appendix at the end of the Regulation R15.</p>
	<p>a) <u>PR3 (Includes PR3 PI (eligible for the PR3Mix2x, Not eligible for the PR3Mix2x), PR3 B1, PR3 B2, PR3 B3)</u></p>	
	<p>iv) <u>Rowers with an eligible impairment who have functional use of their legs, trunk and arms for rowing, and who can utilise the sliding seat to propel the boat will be assigned to the</u></p>	

	<p><u>PR3 class after being evaluated by a World Rowing Classification Panel.</u></p> <p>v) <u>PR3 class rowers must have an eligible impairment and meet at least one of the following definitions of the minimum impairment criteria:</u></p>	
	<p>(1) <u>PR3-PI Physical Impairment – The minimum impairment criteria is:</u></p> <p>(a) <u>a full loss of three fingers on one hand; or</u></p> <p>(b) <u>at least a trans metatarsal amputation of the foot; or</u></p> <p>(c) <u>the loss of ten points on one limb; or</u></p> <p>(d) <u>fifteen points across two limbs when assessed using the functional Classification Test as set out in the Classification Application Form for Physical Disabilities. **For the PR3 Mix2x boat class, rowers must have a minimum impairment of a loss of at least 20 points in one limb when assessed using the Functional Classification Test as set out in the Classification Application Form for Physical Disabilities.</u></p> <p>(e) <u>Athletes classified with either a PR2 or PR1 sport class will be considered eligible to compete in the PR3 Mix2x boat class.</u></p>	
	<p>(2) <u>PR3 B1, PR3 B2, PR3 B3 Visual impairment – Prior to any World Rowing event at which they wish to compete, a rower with visual impairment must have</u></p>	

	<u>been classified by a VI Classification Panel and be issued a Sport Class in one of the following B3 (PR3 B3), B2 (PR3 B2) or B1 (PR3 B1) classes. Refer to http://www.ibsa.es.</u>	
	b) PR2	
	<u>PR2 rowers demonstrate rowing-specific impairment primarily affecting the leg drive. PR2 rowers demonstrate significant limitations in the ability to use the sliding seat to propel the boat and therefore, use fixed-seat to compete in para-rowing.</u>	
	c) PR1	
	<u>PR1 rowers will demonstrate rowing-specific impairment affecting both the trunk swing and leg drive. PR1 rowers demonstrate significant limitations in the ability to use the sliding seat to propel the boat and therefore, use fixed-seat to compete in para-rowing. Additionally, PR1 rowers demonstrate significant impairment in the ability to generate force through trunk swing rotating about the hips.</u>	
	d) NE (Not Eligible)	
	<u>This sport class is issued to rowers who have undergone the World Rowing Classification Process and have not met the minimum Eligible Impairment to be eligible to compete as a para rower.</u>	
	9) Rowing Outside of Assigned Sport Class	
	<u>Rowers may compete in a more functional sport class than their assigned sport class, but not a less</u>	

	<u>functional sport class. For example, a rower classified as PR2 may compete in PR3 events, but may not compete in PR1 events.</u>	
	APPENDIX	
8) Glossary	Glossary	Remove Glossary from original Reg. 8) location and create as separate Glossary as an Appendix . Same format as IPC Classification Code.
Adaptive Equipment: Implements and apparatus adapted to the special needs of Athletes, and used by Athletes during Competition to facilitate participation and/or to achieve results.	Adaptive Equipment: Implements and apparatus adapted to the special needs of Athletes, and used by Athletes during Competition to facilitate participation and/or to achieve results.	
Appeal: The means by which to resolve a complaint that a decision has been made in contravention of the procedures in these Regulations resulting in some manifest unfairness during the Classification process.	Appeal: The means by which to resolve a complaint that a decision has been made in contravention of the procedures in these Regulations resulting in some manifest unfairness during the Classification process.	
Athlete: For purposes of Classification, any person who participates in rowing at the international level or national level (as defined in the World Rowing Rules of Racing) and any additional person who participates in rowing at a lower level if designated by the person's National Federation.	Athlete: For purposes of Classification, any person who participates in rowing at the international level or national level (as defined in the World Rowing Rules of Racing) and any additional person who participates in rowing at a lower level if designated by the person's National Federation.	
Athlete Evaluation: The process by which an Athlete is assessed in accordance with these Classification Regulations in order that an Athlete may be allocated a Sport Class and Sport Class Status.	Athlete Evaluation: The process by which an Athlete is assessed in accordance with these Classification Regulations in order that an Athlete may be allocated a Sport Class and Sport Class Status.	
Athlete Support Personnel: Any coach, trainer, manager, interpreter, agent, team staff, official, medical or para-medical personnel working with or treating Athletes participating in or preparing for training and/or Competition.	Athlete Support Personnel: Any coach, trainer, manager, interpreter, agent, team staff, official, medical or para-medical personnel working with or treating Athletes participating in or preparing for training and/or Competition.	
BAC: The IPC Board of Appeal of Classification.	BAC: The IPC Board of Appeal of Classification.	

Chief Classifier: A Classifier appointed by the CAP to direct, administer, co-ordinate and implement Classification matters for a specific Competition according to these Classification Regulations.	Chief Classifier: A Classifier appointed by the CAP to direct, administer, co-ordinate and implement Classification matters for a specific Competition according to these Classification Regulations.	
Classification: Grouping Athletes into Sport Classes according to how much their Impairment affects fundamental activities in each specific sport or discipline. This is also referred to as Athlete Classification.	Classification: Grouping Athletes into Sport Classes according to how much their Impairment affects fundamental activities in each specific sport or discipline. This is also referred to as Athlete Classification Evaluation .	
Classification Advisory Panel (CAP): A group of experienced international classifiers appointed by the World Rowing Executive Committee who shall be responsible for providing medical and technical expertise for the purpose of directing, informing and guiding World Rowing classification matters.	Classification Advisory Panel (CAP): A group of experienced international classifiers appointed by the World Rowing Executive Committee who shall be responsible for providing medical and technical expertise for the purpose of directing, informing and guiding World Rowing classification matters.	
Classification Coordinator: A person appointed by World Rowing to be responsible for the administration, coordination and implementation of Classification matters for World Rowing.	Classification Coordinator: A person appointed by World Rowing to be responsible for the administration, coordination and implementation of Classification matters for World Rowing.	
Classification Data: Personal Information and/or sensitive Personal Information provided by an Athlete and/or a member federation and/or any other person to a Classification Organisation in connection with Classification.	Classification Data: Personal Information and/or sensitive Personal Information provided by an Athlete and/or a member federation and/or any other person to a Classification Organisation in connection with Classification.	
Classification Intelligence: Information obtained and used by an International Sport Federation in relation to Classification.	Classification Intelligence: Information obtained and used by an International Sport Federation in relation to Classification.	
Classification Master List: A list made available by the CAP that identifies Athletes who have been allocated a Sport Class and designated a Sport Class Status.	Classification Master List: A list made available by the CAP that identifies Athletes who have been allocated a Sport Class and designated a Sport Class Status.	
Classification Not Completed: the designation applied to an Athlete who has commenced but not completed Athlete Evaluation.	Classification Not Completed: the designation applied to an Athlete who has commenced but not completed Athlete Evaluation.	

Classification Organisation: Any organisation that conducts the process of Athlete Evaluation and allocates Sport Classes and/or holds Classification Data.	Classification Organisation: Any organisation that conducts the process of Athlete Evaluation and allocates Sport Classes and/or holds Classification Data.	
Classification Panel: A group of Classifiers, appointed to determine Sport Class and Sport Class Status in accordance with these Classification Regulations.	Classification Panel: A group of Classifiers, appointed to determine Sport Class and Sport Class Status in accordance with these Classification Regulations.	
Classification Personnel: Persons, including Classifiers, acting with the authority of a Classification Organisation in relation to Athlete Evaluation, for example administrative officers.	Classification Personnel: Persons, including Classifiers, acting with the authority of a Classification Organisation in relation to Athlete Evaluation, for example administrative officers.	
Classification Rule: Also referred to as Classification Rules and Regulations. The policies, procedures, protocols and descriptions adopted by World Rowing in connection with Athlete Evaluation.	Classification Rule: Also referred to as Classification Rules and Regulations. The policies, procedures, protocols and descriptions adopted by World Rowing in connection with Athlete Evaluation.	
Classification System: The framework used by World Rowing to develop and designate Sport Classes for Para Rowing.	Classification System: The framework used by World Rowing to develop and designate Sport Classes for Para Rowing.	
Classifier: A person certified as an official by the CAP to evaluate Athletes as a member of a Classification Panel.	Classifier: A person certified as an official by the CAP to evaluate Athletes as a member of a Classification Panel.	
Classifier Certification: The processes by which the CAP must assess that a Classifier has met the specific Classifier Competencies required to obtain and maintain certification or licensure.	Classifier Certification: The processes by which the CAP must assess that a Classifier has met the specific Classifier Competencies required to obtain and maintain certification or licensure.	
Classifier Competencies: The qualifications and abilities that the CAP deems necessary for a Classifier to be competent to conduct Athlete Evaluation for the sport of rowing.	Classifier Competencies: The qualifications and abilities that the CAP deems necessary for a Classifier to be competent to conduct Athlete Evaluation for the sport of rowing.	
Classifier Code of Conduct: The behavioural and ethical standards for Classifiers specified by the IPC and by World Rowing.	Classifier Code of Conduct: The behavioural and ethical standards for Classifiers specified by the IPC and by World Rowing.	
Code: The Athlete Classification Code 2015 together with the International Standards for: Athlete Evaluation; Eligible Impairments; Protests and Appeals; Classifier	Code: The Athlete Classification Code 2015 together with the International Standards for: Athlete Evaluation; Eligible Impairments; Protests and Appeals; Classifier	

Personnel and Training; and Classification Data Protection.	Personnel and Training; and Classification Data Protection.	
Competition: A series of individual events conducted together under one organising body. Where such competition relates to rowing, it shall have the same meaning as ‘rowing regatta’ as defined in Rule 1 of the World Rowing Rules of Racing. (see also World Rowing Recognised Competition)	Competition: A series of individual events conducted together under one organising body. Where such competition relates to rowing, it shall have the same meaning as ‘rowing regatta’ as defined in Rule 1 of the World Rowing Rules of Racing. (see also World Rowing Recognised Competition)	
Competition Venue: Venues dedicated to the Competition by the organising committee.	Competition Venue: Venues dedicated to the Competition by the organising committee.	
Compliance: The implementation of rules, regulations, policies and processes that adhere to the text, spirit and intent of the Code as defined by the IPC. Where terms such as (but not limited to) ‘comply’, ‘conform’ and ‘in accordance’ are used in the Code they shall have the same meaning as ‘Compliance.’	Compliance: The implementation of rules, regulations, policies and processes that adhere to the text, spirit and intent of the Code as defined by the IPC. Where terms such as (but not limited to) ‘comply’, ‘conform’ and ‘in accordance’ are used in the Code they shall have the same meaning as ‘Compliance.’	
Diagnostic Information: Medical records and/or any other documentation that enables the assessment of the existence or otherwise of an Eligible Impairment or Underlying Health Condition.	Diagnostic Information: Medical records and/or any other documentation that enables the assessment of the existence or otherwise of an Eligible Impairment or Underlying Health Condition.	
Education: The delivery of higher knowledge and practical skills specified by the CAP to preserve and/or advance knowledge and skills as a Rowing Classifier.	Education: The delivery of higher knowledge and practical skills specified by the CAP to preserve and/or advance knowledge and skills as a Rowing Classifier.	
Eligible Impairment: An Impairment designated as being a prerequisite for competing in Para Rowing, as detailed in these Classification Rules and Regulations.	Eligible Impairment: An Impairment designated as being a prerequisite for competing in Para Rowing, as detailed in these Classification Rules and Regulations.	
Eligibility Assessment Committee (EAC): An ad hoc body formed to assess the existence or otherwise of an Eligible Impairment.	Eligibility Assessment Committee (EAC): An ad hoc body formed to assess the existence or otherwise of an Eligible Impairment.	
Entry Criteria: Standards set by the CAP relating to the expertise or experience levels of persons who wish to be Classifiers. This may be, for example, former Athletes or coaches, sports scientists, physical educators and	Entry Criteria: Standards set by the CAP relating to the expertise or experience levels of persons who wish to be Classifiers. This may be, for example, former Athletes or coaches, sports scientists, physical educators and medical	

medical professionals, all of whom have the qualifications and abilities relevant to conduct all, or specific parts of, Athlete Evaluation.	professionals, all of whom have the qualifications and abilities relevant to conduct all, or specific parts of, Athlete Evaluation.	
Entry-level Education: the basic knowledge and practical skills specified by the CAP to begin as a Classifier in the sport of rowing.	Entry-level Education: the basic knowledge and practical skills specified by the CAP to begin as a Classifier in the sport of rowing.	
Evaluation Session: the session an Athlete is required to attend for a Classification Panel to assess that Athlete's compliance with the Minimum Impairment Criteria for a sport; and allocation of a Sport Class and Sport Class Status depending on the extent to which that Athlete is able to execute the specific tasks and activities fundamental to that sport. An Evaluation Session may include Observation in Competition.	Evaluation Session: the session an Athlete is required to attend for a Classification Panel to assess that Athlete's compliance with the Minimum Impairment Criteria for a sport; and allocation of a Sport Class and Sport Class Status depending on the extent to which that Athlete is able to execute the specific tasks and activities fundamental to that the sport of rowing . An Evaluation Session may include Observation in Competition.	Evaluation Session: the session an Athlete is required to attend for a Classification Panel to assess that Athlete's Minimum Impairment and Sport Class depending on the extent to which that Athlete is able to execute the specific tasks and activities fundamental to that sport.
Event: A single race, match, game or singular sport contest.	Event: A single race, match, game or singular sport contest.	
First Appearance: The first time an Athlete competes in an Event during a Competition in a particular Sport Class.	First Appearance: The first time an Athlete competes in an Event during a Competition in a particular Sport Class.	
Fixed Review Date: A date set by a Classification Panel prior to which an Athlete designated with a Sport Class Status Review with a Fixed Review Date will not be required to attend an Evaluation Session save pursuant to a Medical Review Request and/or Protest.	Fixed Review Date: A date set by a Classification Panel prior to which an Athlete designated with a Sport Class Status Review with a Fixed Review Date will not be required to attend an Evaluation Session save pursuant to a Medical Review Request and/or Protest.	
Health Condition: A pathology, acute or chronic disease, disorder, injury or trauma.	Health Condition: A pathology, acute or chronic disease, disorder, injury or trauma.	
Impairment: A Physical, Vision or Intellectual Impairment.	Impairment: A Physical, Vision or Intellectual Impairment.	

Intellectual Impairment: A limitation in intellectual functioning and adaptive behaviour as expressed in conceptual, social and practical adaptive skills that originates before the age of eighteen (18).	Intellectual Impairment: A limitation in intellectual functioning and adaptive behaviour as expressed in conceptual, social and practical adaptive skills that originates before the age of eighteen (18).	
Intentional Misrepresentation: A deliberate attempt (either by fact or omission) to mislead an International Sport Federation or National Body as to the existence or extent of skills and/or abilities relevant to a Para sport and/or the degree or nature of Eligible Impairment during Athlete Evaluation and/or at any other point after the allocation of a Sport Class.	Intentional Misrepresentation: A deliberate attempt (either by fact or omission) to mislead an International Sport Federation or National Body as to the existence or extent of skills and/or abilities relevant to a Para sport and/or the degree or nature of Eligible Impairment during Athlete Evaluation and/or at any other point after the allocation of a Sport Class.	
International Competitions: A Competition where the IPC, an International Sport Federation or a Major Competition Organisation is the governing body for the Competition and/or appoints the technical officials for the Competition. Where such competition relates to rowing, International Competition shall have the same meaning as International Regatta as defined in Rule 6 of the World Rowing Rules of Racing.	International Competitions: A Competition where the IPC, an International Sport Federation or a Major Competition Organisation is the governing body for the Competition and/or appoints the technical officials for the Competition. Where such competition relates to rowing, International Competition shall have the same meaning as International Regatta as defined in Rule 6 of the World Rowing Rules of Racing.	
International Sport Federation: A sport federation recognised by the IPC as the sole worldwide representative of a sport for Athletes with an Impairment that has been granted the status as a Para sport by the IPC. The IPC and the International Organisations of Sports for the Disabled act as an International Sport Federation for certain sports.	International Sport Federation: A sport federation recognised by the IPC as the sole worldwide representative of a sport for Athletes with an Impairment that has been granted the status as a Para sport by the IPC. The IPC and the International Organisations of Sports for the Disabled act as an International Sport Federation for certain sports.	
International Standards: A document complementing the Code and providing additional technical and operational requirements for Classification.	International Standards: A document complementing the Code and providing additional technical and operational requirements for Classification.	
IPC: International Paralympic Committee.	IPC: International Paralympic Committee.	
Maintaining Certification: The advanced training, education and practice necessary for continued competency as a Classifier.	Maintaining Certification: The advanced training, education and practice necessary for continued competency as a Classifier.	

Major Competition Organiser: An organisation that functions as the ruling body for an International Competition.	Major Competition Organiser: An organisation that functions as the ruling body for an International Competition.	
Medical Diagnostics Form: a form that a National Body or National Paralympic Committee must submit in order for an Athlete to undergo Athlete Evaluation, identifying the Athlete's Health Condition if so required.	Medical Diagnostics Form: a form that a National Body or National Paralympic Committee must submit in order for an Athlete to undergo Athlete Evaluation, identifying the Athlete's Health Condition if so required.	
Medical Review: The process to identify if a change in the nature or degree of an Athlete's Impairment means that some or all of the components of Athlete Evaluation are required to be undertaken in order to ensure that any Sport Class allocated to that Athlete is correct.	Medical Review: The process to identify if a change in the nature or degree of an Athlete's Impairment means that some or all of the components of Athlete Evaluation are required to be undertaken in order to ensure that any Sport Class allocated to that Athlete is correct.	
Medical Review Request: A request made by a National Body or National Paralympic Committee for Medical Review, made on behalf of an Athlete.	Medical Review Request: A request made by a National Body or National Paralympic Committee for Medical Review, made on behalf of an Athlete.	
Models of Best Practice: An ad hoc guidance document prepared by the IPC to assist in the implementation of the Code and International Standards.	Models of Best Practice: An ad hoc guidance document prepared by the IPC to assist in the implementation of the Code and International Standards.	
National Body: Refers to the national member of an International Sport Federation (member federation).	National Body: Refers to the national member of an International Sport Federation (member federation).	
National Laws: The national data protection and privacy laws, regulations and policies applicable to a Classification Organisation.	National Laws: The national data protection and privacy laws, regulations and policies applicable to a Classification Organisation.	
National Paralympic Committees: The national member of the IPC who is the sole representative of Athletes with an Impairment in that country or territory. These are the national members of the IPC.	National Paralympic Committees: The national member of the IPC who is the sole representative of Athletes with an Impairment in that country or territory. These are the national members of the IPC.	
National Protest: A Protest made by a National Body or a National Paralympic Committee in respect of an Athlete under its jurisdiction.	National Protest: A Protest made by a National Body or a National Paralympic Committee in respect of an Athlete under its jurisdiction.	
Non-Competition Venue: Any place or location (outside of a Competition) designated by Para Rowing as being a place or location where Athlete Evaluation is made	Non-Competition Venue: Any place or location (outside of a Competition) designated by Para Rowing as being a place or location where Athlete Evaluation is made	

available to Athletes in order that they may be allocated a Sport Class and designated with a Sport Class Status.	available to Athletes in order that they may be allocated a Sport Class and designated with a Sport Class Status.	
Observation in Competition: The observation of an Athlete in a Competition by a Classification Panel so that the Classification Panel can complete its determination as to the extent to which an Eligible Impairment affects that Athlete's ability to execute the specific tasks and activities fundamental to the sport.	Observation in Competition Assessment: Also referred to as "In Competition Observation Assessment". The observation of an Athlete <u>by a Classification Panel at First Appearance</u> in a Competition <u>by a Classification Panel as part of the Sport Class Assessment</u> so that the Classification Panel can complete its determination <u>as to regarding</u> the extent to which an <u>Eligible Impairment affects that Athlete's ability</u> <u>Athlete is able</u> to execute the specific tasks and activities fundamental to the sport.	To meet the new requirements of this element as a mandatory part of Athlete Evaluation. Also to match with wordings in the Regulations, including First Appearance.
Paralympic Games: Umbrella term for both Paralympic Games and Paralympic Winter Games.	Paralympic Games: Umbrella term for both Paralympic Games and Paralympic Winter Games.	
Permanent: The term Permanent as used in the Code and Standards describes an Impairment that is unlikely to be resolved meaning the principal effects are lifelong.	Permanent: The term Permanent as used in the Code and Standards describes an Impairment that is unlikely to be resolved meaning the principal effects are lifelong.	
Personal Information: Any information that refers to, or relates directly to, an Athlete.	Personal Information: Any information that refers to, or relates directly to, an Athlete.	
Physical Impairment: an Impairment that affects an Athlete's biomechanical execution of sporting activities, comprising Ataxia, Athetosis, Hypertonia, Impaired Muscle Power, Impaired Passive Range of Movement, Limb Deficiency, Leg Length Difference and Short Stature.	Physical Impairment: an Impairment that affects an Athlete's biomechanical execution of sporting activities, comprising Ataxia, Athetosis, Hypertonia, Impaired Muscle Power, Impaired Passive Range of Movement, Limb Deficiency, Leg Length Difference and Short Stature.	
Process/Processing: The collection, recording, storage, use or disclosure of Personal Information and/or sensitive Personal Information.	Process/Processing: The collection, recording, storage, use or disclosure of Personal Information and/or sensitive Personal Information.	
Protested Athlete: An Athlete whose Sport Class is being challenged in accordance with these Regulations.	Protested Athlete: An Athlete whose Sport Class is being challenged in accordance with these Regulations.	
Protested Decision: The Sport Class decision being challenged.	Protested Decision: The Sport Class decision being challenged.	
Protest Documents: The information provided in and together with the Protest Form and the Protest Fee.	Protest Documents: The information provided in and together with the Protest Form and the Protest Fee.	

Protest Fee: The fee prescribed by World Rowing, payable by the National Body or National Paralympic Committee when submitting a Protest.	Protest Fee: The fee prescribed by World Rowing, payable by the National Body or National Paralympic Committee when submitting a Protest.	
Protest Form: The form on which a National Protest must be submitted.	Protest Form: The form on which a National Protest must be submitted.	
Protest: The procedure by which a reasoned objection to an Athlete's Sport Class is submitted and subsequently resolved.	Protest: The procedure by which a reasoned objection to an Athlete's Sport Class is submitted and subsequently resolved.	
Protest Panel: A Classification Panel appointed by the Chief Classifier to conduct an Evaluation Session as a result of a Protest.	Protest Panel: A Classification Panel appointed by the Chief Classifier to conduct an Evaluation Session as a result of a Protest.	
Re-certification: The process by which the CAP must assess that a Classifier has maintained specific Classifier Competencies and re-certifies the Classifier for a further specified period.	Re-certification: The process by which the CAP must assess that a Classifier has maintained specific Classifier Competencies and re-certifies the Classifier for a further specified period.	
Recognised Competition: a Competition that is sanctioned or approved by World Rowing at which Para Rowing events take place and/or at which classification is available.	Recognised Competition: a Competition that is sanctioned or approved by World Rowing at which Para Rowing events take place and/or at which classification is available.	
Research Purposes: Research into matters pertaining to the development of sports within the Paralympic Movement, including the impact of Impairment on the fundamental activities in each specific sport and the impact of assistive technology on such activities.	Research Purposes: Research into matters pertaining to the development of sports within the Paralympic Movement, including the impact of Impairment on the fundamental activities in each specific sport and the impact of assistive technology on such activities.	
Signatories: Any organisation that accepts the Code and commits to implement it and the International Standards by way of its Classification Rules.	Signatories: Any organisation that accepts the Code and commits to implement it and the International Standards by way of its Classification Rules.	
Sport Class: A category for Competition defined by World Rowing by reference to the extent to which an Athlete can perform the specific tasks and activities required by a sport.	Sport Class: A category for Competition defined by World Rowing by reference to the extent to which an Athlete can perform the specific tasks and activities required by a sport.	
Sport Class Status: A designation applied to a Sport Class to indicate the extent to which an Athlete may be	Sport Class Status: A designation applied to a Sport Class to indicate the extent to which an Athlete may be	

required to undertake Athlete Evaluation and/or be subject to a Protest.	required to undertake Athlete Evaluation and/or be subject to a Protest.	
Team Sport: a sport in which substitution of players is permitted during a Competition.	Team Sport: a sport in which substitution of players is permitted during a Competition.	
Tracking Code Observation Assessment (OA): a designation given to an Athlete that replaces the Athlete's Sport Class Status until Observation in Competition has been completed.	Tracking Code Observation Assessment (OA): a designation given to an Athlete that replaces the Athlete's Sport Class Status until Observation in Competition has been completed.	
Underlying Health Condition: a Health Condition that may lead to an Eligible Impairment.	Underlying Health Condition: a Health Condition <u>which has resulted in a permanent and verifiable activity limitation</u> that may lead to an Eligible Impairment.	
	<u>Underlying Health Condition (UHC) Assessor: a person or persons appointed by the Classification Advisory Panel responsible for conducting UHC Assessments.</u>	
	<u>Underlying Health Condition (UHC) Assessment: The first stage of Athlete Evaluation which assesses whether an Athlete has (or has had) at least one medically and/or clinically diagnosed Underlying Health Condition.</u>	
Vision Impairment: an Impairment of the eye structure, optical nerves or optical pathways, or visual cortex of the central brain that adversely affects an Athlete's vision.	Vision Impairment: an Impairment of the eye structure, optical nerves or optical pathways, or visual cortex of the central brain that adversely affects an Athlete's vision.	
World Rowing Classifiers Manual: The purpose of this manual is to guide Para-rowing International Classifiers in the proper completion of the classification process for all rowers with a physical disability.	World Rowing Classifiers Manual: The purpose of this manual is to guide Para-rowing International Classifiers in the proper completion of the classification process for all rowers with a physical disability.	
9) Sport Classes and Eligibility Requirements for each Sport Class	9) Sport Classes and Eligibility Requirements for each Sport Class	9) and 10) removed up to 8) and 9), to come before the Glossary, which is now an Appendix.

<p>a) PR3 (Includes PR3 PI (eligible for the PR3Mix2x, Not eligible for the PR3Mix2x), PR3 B1, PR3 B2, PR3 B3)</p>	<p>a) PR3 (Includes PR3 PI (eligible for the PR3Mix2x, Not eligible for the PR3Mix2x), PR3 B1, PR3 B2, PR3 B3)</p>
