b. **Declaration of Winners**

The winners of a match will be the team that has scored the greater number of points at the end of the match.

League points will be awarded as follows:-

Win	-	4 points
Draw	-	2 points
Defeat	-	0 points
Bonus Points	-	1 point for a team scoring 4 or more tries
		1 point for a team losing by 7 points or less

Therefore, if a team loses a match by 7 or less points but scores 4 or more tries they will receive 2 losing bonus points.

c. **League Placings**

Divisional placings will be decided based on League points gained in the season. Where Clubs have gained an equal number of League points the Club that has recorded the most wins shall be given preference. If the number of wins are equal, the team with the fewest losses will be given preference. If the Clubs are still equal then the Club with the higher points ratio will be the higher placed Club. The points ratio will be decided by dividing the points scored by a Club in the Youth League season by the points scored against that Club in that season.

If at the end of a season all matches in the Division have not been played and it is not possible to determine the Divisional Champion Club in the manner set out in the previous paragraph that Champion will be decided by dividing the League points gained by the league matches played and the team with the highest ratio will then be the Champion Club.
